Officials Back Road Bonds

Chapman Urges Approval

By RON BATES

"Freeways are only as good as the roads that lead up to and away from them," Daly City Engineer William Chapman said last week in urging residents to vote yes on the $35-million city-county highway bond issue.

The issue will go to the voters June 4.

"The state has done an excellent job of providing the freeways," he said. "But we could conceivably see a traffic jam on them with cars waiting to get off of them."

Three of the 28 projects planned in the San Mateo county highway issue are within the city's boundaries.

They are construction of a four-lane road from Lake Merced boulevard to Park Plaza drive, the widening of an extension of Sullivan avenue from Eastmoor avenue to Southgate avenue, and the extension of Southgate avenue from Cerro drive to Junipero Serra freeway.

"Traffic knows no boundaries, though," Chapmna said, "and several of the other projects will affect Daly City."

Hillside boulevard would be widened from Market street in Daly City to Holly street in South San Francisco and Hickey boulevard would be extended from Junipero Serra to Pacifica.

Canal street in South San Francisco would be constructed from San Bruno road to Chestnut street.

The new road would give Daly City motorists another route to the Bayshore freeway because Canal would be linked with the Old Mission road, Chapman said.

The road plan was conceived by the Greater Highway committee of San Mateo county and developed by the George S. Nolte

Feyge Sees Coast Benefits

By LOUIS McNALLY

Approval of the June 4 city-county bond issue will give Pacifica much-needed links with the east side of the Peninsula, Mayor Harold Feyge told community leaders at a special luncheon at Nick's restaurant last week.

"Now that we are about to get our coastal freeway, with construction due to begin soon, the next important steps are the cross - county laterals," Feyge noted.

"Only apathy will defeat the bonds," said Fegye who asked the 36 leaders present, representing the city's major civic groups, churches and other organizations, to work for the passage.

Mayor Feyge and Councilwoman Jean Fassler are both members of the Greater Highways committee.

Later, the mayor explained that Pacifica will benefit primarily through three major routes west to east if the bond issue passes.

The Sharp Park road will be widened to four lanes from Skyline boulevard west to the Nike base and a scenic highway will be constructed, running south along Sweeney ridge, that will connect the Sharp Park road with an extension of Fassler drive in the back of Linda Mar.

This route would give residents in Linda Mar, the most heavily settled section of the city, another route out other than the coast highway. This would greatly benefit commuting workers, driving to the airport, South San Francisco and other industrial areas, Feyge said.

In an emergency when the coast highway is blocked, (which happened in last October's flood) the residents of Linda Mar can be completely isolated without an-

FIRST CANDIDACY

Jean Fassler to Run for County Supervisor Post

Jean Fassler, Pacifica's first mayor and a member of the city council since 1957, today announced she would be a candidate for the realigned fifth supervisorial district in the June, 1964, election.

Mrs. Fassler is the first to announce a candidacy for the post, which is expected to draw a raft of aspirants in the North County area.

Early in March, three well-known Daly City figures indicated they were interested in seeking the supervisorial seat. They are Mayor Joseph Verducci, Peter Markovich, manager of the Daly City-Colma Chamber of Commerce and attorney Thomas Bocci.

In a statement, Mrs. Fassler said she decided to run for supervisor only after being assured by veteran North County Supervisor Alvin Hatch that he will not seek re-election in 1964.

Hatch, who previously said he was not considering running now is serving his 27th year as a San Mateo county supervisor.

Mrs. Fassler said she was announcing her candidacy at this time, more than a year before the election, "in order to make my position clear both in the county and in Pacifica."

She maintained in her statement that "my experience, not only on the Pacifica council, but in many other organizations and activities, has given me a broad viewpoint of the potential and the problems of our entire county."

Mrs. Fassler was one of the key figures in the incorporation of Pacifica. She twice was named mayor by the city council.

In addition to her city duties, she is a member of numerous civic, charitable and youth organizations.

She recently was named to the board of governors of the new Mary's Help hospital, is first vice president of the Girl Scout council of San Mateo county, is a charter member of the Greater Highway committee and is a member of the legislative committee of the North County Council of Cities.

She and her husband, Joseph, are the parents of three children; Walfred, who is married and lives in Pacifica, and Gregory, 15, and Lynn, 12.

Jeff Board Critical of Unity Vote

Jefferson Elementary School board trustes said Monday that the action of the County Committee on School Reorganization last week would delay unification for about five to ten years.

The county committee voted to unify the elementary districts of Jefferson, Laguna Salada, Bayshore and Brisbane and the Jefferson High school district into one district encompassing the area of the high school.

"Unless the board of trustees of the elementary districts support it (the county proposal), it won't pass," board chairman Thomas Noonan said.

"I wish we could begin again," said trustee O. Wayne Douglas. "The county plan now is like a juggernaut rolling downhill. The public hearing will do no good." And he added.

"In the end, the county committee will not suffer and the board of trustees will not suffer. Maybe the tax rate will. But the real persons who will suffer are the children."

Douglas said that all of the boards may have been "derelict" in not requiring reports from the county committee when unification of the area was first discussed.

"By the time we did receive a proposal, it was something we had to go in and attack. I don't think this was the intent of the legislature" (in drafting the Master Plan Law of 1959).

The trustees heard a tape recording of a portion of the county committee meeting where high school trustee Elio Fontana criticized a "statement of reasons" submitted by the Jefferson Elementary board.

Sandra Finley Is Chosen as Miss Pacifica

(Other Pictures, Page 3)

An honor student from Terra Noxa High school won the Miss Pacifica contest Saturday night on her poise, beauty and versatile dancing ability.

Sandra Finley, 17, of 1423 Flores drive, who came in second in last year's Miss Pacifica competition, returned this year to win the title over seven other contestants, most of them her classmates from Terra Nova and Oceana High schools.

Sandra, who has been dancing since the age of five, won the talent contest with a tap, ballet and acrobatic dancing act. A senior at Terra Nova, she intends to enroll at San Francisco State college next fall to study dramatics. She recently was awarded a $100 P-TA scholastic ability, one of three students, and the only girl at Terra Nova to be chosen.

Aim: Model

In the parade of local beauties in the new Oceana school auditorium, Sandra maintained the smile and self assurance of the model she would like to become.

Only after the decision was announced did she break down as she came forward to accept her Miss Pacifica trophy from Julian Cohn. She was weeping, trembling and laughing at the same time.

The daughter of Mrs. Keith Prouty, Sandra has twin younger brothers, Richard and Robert, Freshmen at Terra Nova.

She is secretary of her senior class, active in the Pep club and is vice president of the C.Y.O.

Brown haired, Sandra's vital statistics are: 5 feet, 6½ inches, 124 pounds, 35-26-36.

Her victory entitles her to compete in the Miss California contest at Santa Cruz.

She also will represent Pacifica in the San Mateo County Fair and Fiesta Dream Girl contest in August.

Runner-Up

First runner-up in the Miss Pacifica pageant was Linda McDavid, 17, of 151 Santa Maria avenue, who also was "Miss Personality," a title bestowed by the contestants themselves.

Second runner-up was Kit Hankins, 16, of 384 Seaside drive, whose singing ranked her high in the talent contest.

Policy on Discipline Is Planned

The formation of a discipline policy committee in the Jefferson Elementary school district was announced Monday by Board of Trustees Chairman Thomas Noonan.

The committee, composed of P-TA representatives, teachers, principals, school superintendent Richard Foster, and board members, will attempt to draft a policy for students by the opening of school in September.

Noonan said the committee will hold its first meeting as soon as the names of three principals are received from the school superintendent and the names of three teachers are received from the Jefferson Classroom Teachers' association.

The teachers were originally left off the committee because most of the meetings would take place during the summer. Many teachers live outside the Jefferson area.

School Unity Plan Now Up to Voters

THE NEXT step in the unification of five North County school districts into one will be taken June 19 when the augmented committee of the San Mateo county Committee on School Reorganization holds a public hearing.

The elementary school boards of Jefferson, Laguna Salada, Brisbane, and Bayshore could not persuade any member of the regular 10-member committee or the Jefferson High school board last Wednesday to vote for rejection of the unification plan, which would unify the districts into one district encompassing the area of the present high school district.

A tentative vote in favor of the plan was taken by the augmented committee in a meeting at the Westmoor High school library. A final vote will be taken after the public hearing.

The high school district voted for the county committee's plan, it said, to bring the issue before the voters.

President James Cooper said the high school board was "violently opposed" to the splintering of its district. And he added:

"We want the best educational opportunity for our youngsters in high school but we are opposed to the state legislature telling us how to educate our people."

A resolution from Bayshore Elementary school district and a "statement of reasons" from the Jefferson Elementary school district were received by the county committee.

The Bayshore proposal asked the committee for additional time, at least three years, for continued studies on school reorganization. It pointed to various finance bills before the state legislature that would "open up whole new fields of study and consideration."

THE STATEMENT of reasons submitted by the Jefferson Elementary district supported this plan to unify its district with Bayshore and Brisbane and let Laguna Salada unify as another district.

The proposals, which would divide the present high school district in half, were sharply criticized by high school board trustee Elio Fontana.

He read a point by point rebuttal of the elementary board's statement.

He said "there is a community of interest" between Daly City and Pacifica.

"Why is there a 'Buy in Pacifica' campaign by merchants there?" he asked. "I'll tell you. Because people in Pacifica shop in Daly City."

Fontana warned that Westmoor High school might be filled to capacity by next year and that students would have to be transferred to Oceana.

He pointed out that several leading citizens of Pacifica are graduates of Jefferson High school in Daly City and that Pacifica citizens helped pay the costs of Westmoor and Jefferson.

Fontana also criticized the Jefferson Elementary Board trustees for going before P-TA groups and airing their views on unification.

"The high school board has yet to air its side," he said.

Elementary school board chairman Thomas Noonan said that Fontana had taken the

WHEN A police officer ends a career of service to a community, he ends a career of observing and savoring a wide slice of life.

It seems a policeman is supposed to be the true jack-of-all-trades—protector, handyman, advisor, philosopher—the list seems endless.

Perhaps few officers have fit this picture as well as Sergeant Ricco Benedetti of the Daly City Police department. He retires in July, ending a 35-year career.

And there's not a man on the force who won't agree that the department will be losing one of its most revered members—a man, his colleagues say, whose courage and dedication are standard operating procedure.

Well, after 35 years, Benedetti has a veritable storehouse of memories and anecdotes he likes to tell and we were lucky the other day to hear some of them.

The sergeant has a keen sense of perspective and you quickly gain the impression that whatever difficult or trying situation he's been in, he's always been able to see a bit of the philosophical side of it.

Ricco Benedetto

He's also been able to see a touch of humor in these situations and therein, we might add, probably lies one of the secrets to his popularity with both the public and other members of the force.

Although he says it's difficult to say just which of the experiences he's found the most challenging, or rewarding, or difficult or what - have - you, the sergeant, nonetheless has a few favorites.

★ ★

LIKE BACK in the days of prohbihition when the country was having a ball with homemade stills and drinking the hard stuff out of tea cups in that nostalgic institution known as the speakeasy.

One quiet night when he was the only one of a five-man police force on duty, Benedetti got a call from a citizen who dutifully reported she'd seen two men break a window in a neighbor's house and crawl in.

Grabbing a shotgun, Benedetti hurried to the house, clambered through the window and cornered the intruders.

He told them to raise their hands and asked just what sort of business they thought they were up to.

The pair said they were federal agents making a raid on a suspected still and who the heck did the sergeant think he was.

It all sounded like a burglar's artful fabrication but Benedetti decided to go along with the gag and asked them for their identification.

He was dumfounded when, indeed, they did produce valid papers. They were, after all, federal lawmen. A look of pained disbelief swept across Benedetti's face before he said he was only doing his duty.

How did it all end? Benedetti says he joined forces with Uncle Sam's boys and the three of them eventually found what the federal men were looking for—a still.

IF THE sergeant was confounded on that occasion, he says he was absolutely flabergasted one day when he was on his motorcycle, chasing a speeding auto down Mission street.

Now, in those days, he recalls, the Market Street railway ran 40-ton monsters along streetcar lines in the center of the street.

"So here I was doing 50, catching up to this guy, when all of a sudden a street car passes both me and the guy I'm chasing."

Benedetti says he thought he was seeing things but the illusion didn't last long. He gave his cycle the gas, sped quite a ways in front of the trolley, screeched to a stop and put his cycle on the tracks.

It was the only way that guy would've stopped."

Well, the motorman got a ticket and wound up being fined $25. "I guess I was the first guy to ticket a streetcar," Benedetti says. "Anyways, the word got around the railway company and the speeding stopped."

Benedetti says he "used to give the bus drivers a break. "I'd call up their dispatcher and tell him to cut that speeding out in Daly City."

THE SERGEANT'S chasing days—and his police career, for that matter—were nearly ended abruptly one day when he took out on his cycle after two autos racing on Mission.

"I was doing about 70 and the siren was going when this guy pulls out from a side street in front of me. I smacked into him at 70 miles an hour."

Benedetti suffered a fractured skull, severe internal injuries and doctors said he wasn't expected to live. After six months, however, he was discharged from the hospital and returned to the force.

After a tour of duty in squad cars, he was back on his cycle and promptly got involved in an episode reminiscent of the Keystone Cops.

"I was chasing this guy when he whipped around a corner, into his driveway and right into his open garage.

"He jumped out and was just starting to close the garage doors when I rounded the corner and drove right up against the doors. He couldn't close them."

★ ★

BENEDETTI has had a few decidedly uncomfortable experiences in his career that, philosophical or not, he'd just as soon not repeat.

One took place on another of one of those chase-the-speeder adventures that led him into a dead end street in San Francisco.

"This guy jumped out and was just starting to level (his gun) at me when I fired a warning shot over his head. That ended that."

Perhaps the closest shave Benedetti has had took place one day when he entered a house where a madman was threatening to shoot everybody with a shotgun.

"I approached the guy and told him 'go ahead and shoot—there aren't any shells in that gun.' Well, he pulled the trigger and nothing happened.

"I arrested him and took the gun. Later on, we checked the gun and found it had two shells in it. It had misfired."

Was he bluffing? Benedetti says he was. But then, that's all in this business. For being a jack-of-all-trades, you see, also includes being a good bluffer.

Support Is Urged for Road Bonds

(Continued from Page 1)

consulting engineers at a cost of $137,000.

It has received the endorsement of business, labor, civic and government leaders throughout the county.

The San Mateo county development association reported in 1957 that a county-wide survey indicated the prime deterrent to bringing new industry into the area was the shortcomings of the present county road system.

Approval of the bond issue would make available $14,192,000 from county gas tax revenues and matching monies from the California State Public Utilities commission, the Southern Pacific company and the State Division of Highways.

"If this isn't passed, it's likely some industries would move out of the county, thereby lowering the county assessed valuation and putting an increased tax burden on the remaining property owners," Chapman stressed.

The $35-million general obligation bonds would be amortized over a 20-year period.

Up to $1-million a year—a total of $4,600,000 for the first seven years — would be applied to interest and principal requirements from county sales tax and interest on the unexpended balance derived from the bond sales.

"It would cost the average car owner about fifty cents a month," Chapman said.

Property tax revenues will be used to pay for the rest of the bonds.

The tax rate would go up in gradual steps — from 1.8 cents in the second year to a high of 11.5 cents in the seventh year. After the seventh year, the tax rate would be gradually reduced.

"Daly City is getting more than its share," Chapman said. "Approximately 6.8 per cent of the total dollar amount of the bond issue will be spent in Daly City, although the city has only 5.7 per cent of the county assessed valuation."

One of the major improvements planned is the construction of a four-lane roadway from Lake Merced boulevard to Park Plaza drive.

Alemany boulevard will be depressed to pass beneath Lake Merced.

"It is an impossible intersection," Chapman said. "No change in the traffic pattern could be made to improve the situation. The traffic must be totally separated."

Total cost of the project is $1,710,000. The state will furnish $1,100,000.

Chapman cited the "gross number of accidents" and the increase of traffic volume.

"There are two intersections that are too close — Alemany and Lake Merced boulevards and South Mayfair avenue and Lake Merced boulevard.

"There is no room to store the cars awaiting the signal between the intersections. Any car awaiting the signal for Alemany boulevard would line up in the South Mayfair intersection.

The extension of Sullivan avenue is proposed primarily to serve the new Mary's Help hospital.

The road would be continued from Eastmoor avenue to the extension of Southgate avenue. The project would cost $440,000 for right of way and construction.

Southgate would be extended from Cerro drive to Junipero Serra freeway.

The Southgate extension would take some of the traffic from the St. Francis Heights area and "greatly reduce the traffic overload on Eastmoor avenue," Chapman said. "The traffic would be split.

"If the city tried to improve Eastmoor, it would be treating the symptoms rather than the cause of the problem. The road would also provide an entrance from the east into the St. Francis Heights area."

The Southgate extension would cost $230,000.

board's statement of reason, "out of context."

On speaking to the P-TA groups Noonan said: "It is our belief that the county committee would like to have the advice of the people on unification. We have found that they would not support the proposed configuration of the committee."

THE LAGUNA SALADA board expressed a desire to unify by itself.

When asked if the board would mind a unification with South San Francisco Unified district, trustee Robert Hale said "we would prefer not to."

"South San Francisco is doing the best job they can," he said. "But we wonder how good unification is if it is run as the South San Francisco district is. There are a thousand houses in Westborough and not even one school site."

Later in the meeting, he said there are "quite a few unified districts that have a tax base as low, if not lower, than that of Laguna Salada. We have been able to have a satisfactory educational program with the money we have and we're not afraid to go it alone."

After the final vote by the augmented committee, the committee's recommendation will be forwarded to the Board of Education for approval and then placed on a ballot in the areas affected.

other exit.

Improvement of the Sharp Park road is expected to cost $305,000, the mayor said, and the scenic road along Sweeney ridge $1,485,000.

With the improvement of Hickey boulevard, also scheduled under the bond issue, Pacifica would achieve its first northern lateral.

This would begin in Monterey road in Pacific Manor, extend through the Fairmont subdivision and then connect with Skyline and Junipero Serra and the existing Hickey boulevard to El Camino. This project will cost an estimated $1,320,000, Feyge said.

Of considerable benefit to Pacificans, the mayor claimed, will be the improvement of Canal street, linking El Camino to the Bayshore freeway at a point just south of the Hickey boulevard extension.

Sellout Tribute!

A dinner June 1 in honor of retiring Daly City police sergeant Ricco Benedetti is a sellout, Dan Casentini, chairman of the testimonial dinner, has reported.

Benedetti will leave the police department after 35 years service. He is the senior member of the department.

In honor of the veteran officer, Mayor Joseph Verducci has proclaimed June 1 "Ricco Beneditti Day."

The testimonial dinner will be held in the House of Parties at 22 Hillcrest drive, Daly City.

Police, city, civic and other area leaders will be on hand.

Benedetti joined the police department in 1928 and became the city's first motorcycle policeman.

He was promoted to sergeant in 1940. During his long association with the department, he has served under seven police chiefs.

During his assignment as a motorcycle officer, he was badly injured in an accident and subsequently was given a 31 per cent disability rating.

However, the disability did not prevent him from continuing a useful association with the department that will end in July when he reaches the mandatory retirement age of 65.

A native of Sacramento, Benedetti came to Daly City in 1900. He lives with his wife, Inez, at 98 Vale street.

Doelger Now!

Housing developer Henry Doelger became a grandfather for the first time Friday when Henry Michael Doelger checked in at 5:30 p.m. at Children's hospital in San Francisco.

The first child of Michael and Marilyn Doelger, 3 Belmar avenue, was a month and a half early. He was due July 2.

He weighed in at two pounds, 10 ounces, and was placed in an incubator at the hospital. He will remain there for approximately six weeks.

Four Westmoor Students Get P-TA Scholarships

Four Westmoor High school seniors have been granted scholarships by the Parent-Teacher Association at a meeting last week.

Recipients Jim Rutledge, Mike Hunter, Gloria Moore, and Rickey Spector all plan to attend the University of California at Berkeley this coming fall.

Jim Rutledge, who is active in the science club, will major in chemistry and will also expand his writing career from that of a page editor on the Rampage to a journalism minor.

Another science club enthusiast, Mike Hunter, will join his brother, Richard, at Cal where he plans to focus his talents on architecture. Presently on the track team, with the high jump as his specialty, Mike demonstrates his interest in diversified fields.

Well known around the campus is politically minded Gloria Moore. Recently elected as council woman in the Daly City Youth in Government program, she is likewise, senior class vice president and varsity cheerleader. Presently active in the French club, Gloria plans to further her linguistic talents at the university.

Ricky Spector, a California Scholarship Federation member, will divide his time between psychology and law. Ricky has interests in a number of activities around the school, but particularly in the Spanish club, of which he was president.

Three Projects Near Finish By Volunteers

Pacifica's three volunteer building projects, after long delay, are finally being completed.

A building inspection permit for Oddstad park recreation center was obtained Friday just in time for use of the building during the weekend Art Festival for a performance by the Pacifica Players and Community Chorus.

Restrooms on San Pedro beach, begun as a Lions club project about a year ago, are being completed by city crews.

Recreation director Eldred Lokker said this week that only about three more days of work remained to finish the project by applying the final coat of stucco and installing toilet facilities.

Lions club president Mario Torrigino said recently that work on the old Quonset hut recreation center in Pomo park, Sharp park area, was coming along and would be completed soon. He said vandalism had caused the volunteer Lions club workmen to redo some of their work.

At Oddstad park Lokker said there was still some exterior work to be completed, and the lower floor of the building was unfinished.

Park department crews did some of the finishing work. Among the volunteers helping was Bern Hyman, 836 Standish road, an electrician, who completed all of the wiring for the building.

Unitarian Fellowship and Pacifica Players were among community groups supplying work parties.

No Fake This Time

Westlake Jewelers in the Westlake Shopping center Thursday reported the theft of a gem—a real one—from its display window.

Two weeks ago, thieves stole a replica of the famed 44-carat Hope diamond from an exhibit in the store.

Last week, the jewelers told police, a genuine blue sapphire, valued at $250, was taken from a display case.

Mary's Help Unit Formed For Pacifica

A group of civic leaders in Pacifica are forming a non-sectarian Committee of One Hundred, to raise funds for Mary's Help hospital in Daly City.

Leaders of the drive are Mayor Harold Feyge, Councilwoman Jean Fassler and Mrs. William Drake, all members of the Mary's Help hospital board of governors.

At a preliminary meeting last Thursday, George W. Hill, director of the Mary's Help hospital service area, spoke of the importance of the new hospital to all Pacifica residents.

Each of those present agreed to work toward the formation of a fund-raising group by inviting five friends to a later meeting.

Mrs. Fassler said that no goal would be set for Pacifica giving—that it would all be on a free and open basis.

She said that she felt it was encouraging that, for once, citizens weren't being taxed to provide a much-needed facility but were only being asked to give as much or as little as they wished.

Present at the meeting were: Mr. and Mrs. Fred Ballew, Mr. and Mrs. Joseph Fassler, Howard Hoops, Mrs. Carl McCarthy, Mr. and Mrs. Kenneth Strom, Mr. and Mrs. George Mason, Mr. and Mrs. William Drake and Mayor and Mrs. Feyge.

2 Contracts For County

Contracts for two county construction projects were awarded yesterday by the county board of supervisors to the Tanklage Construction company of Pacifica, which submitted the low bids for both jobs.

One of the projects is the construction of entrance marquees, a rest room building and utilities at the county fairgrounds in San Mateo, for which the winning bid was $57,396.

The other is construction of an equipment storage building at the county road department storage yard in Pescadero, an $18,356 project, construction of additions to Hillcrest Juvenile hall.

TOOLS STOLEN

Verna Wickersheimer of 300 Palmcrest drive reported to Daly City police last week that thieves had stolen miscellaneous tools, a fishing reel and line and an electric drill, valued at a total of $90, from a carport locker.

A Nostalgic Return

Mayor Joseph Verducci of Daly City took a trip into nostalgia Friday.

He was the guest of honor at a graduation of coast guard recruits at the coast guard base in Alameda.

Twenty years ago, Verducci was at the helm of the base football team. At that time under his guidance, the Sea Lions were rated among the foremost gridiron powers on the Pacific Coast.

At Friday's program, Verducci was the guest of Capt. Walter B. Millington, commander of the base. The mayor also served as the reviewing officer of the graduation of recruit company Alpha 40.

Verducci holds a lieutenant's commission in the coast guard reserve.

While he coached the Sea Lions, the coast guardsmen played such formidable foes as the University of California.

After leaving the helm of the Sea Lions, Verducci coached Polytechnic High school in San Francisco to an undefeated 10-game season in 1946.

JOSEPH VERDUCCI
He Led Sea Lions

He then coached football at St. Mary's college until 1949. He took the reins at San Francisco State college in 1950 where he was head football coach until 1960.

Verducci is now director of athletics and professor of physical education at San Francisco State. He also serves as assistant dean of students at the college.

During his 26-year coaching career, Verducci's teams won 170 games, lost 66 and tied 14—an enviable winning mark of 70 per cent.

While he's been at San Francisco State, the Gators have won 76, lost 27 and tied one.

The Gators were Far Western conference champions in 1950, 1954, and 1956 through 1959.

For his ability in leading football teams to successful seasons, Verducci has won a raft of awards.

He won the Northern California coach of the year award in 1948, 1957, 1959 and 1960.

In 1960, the Football Writers association of America awarded him the Citation of Honor.

In addition to serving as mayor of Daly City, Verducci also is active in a pot pourri of civic affairs. He is the second vice president of the League of California Cities.

His visit to the Alameda base Friday was the first time he had returned there since 1944.

Letters From Our Readers

TO THE EDITOR:

I must ask that you correct an erroneous impression conveyed by your issue of May 15. At no time have I ever referred to any Daly City physician as being guilty of "unethical practices."

However, I have been greatly concerned for the past six years with the problem of obtaining proper emergency hospital facilities for the residents of this city.

As the chairman of the Physicians' Hospital committee several years ago I ascertained that to duplicate the excellent emergency hospital system available to the people of San Francisco would cost Daly City an initial quarter of a million dollars with an annual budget of $200,000 to staff and maintain.

It was felt at that time that any lesser facility would be undesirable because of the real possibility that it might actually deprive the citizens of Daly City of the opportunity of obtaining proper medical facilities at a later date.

A makeshift or improvised emergency hospital, however conveniently situated, can harm rather than help the community by wasting life-saving time spent in retransferring serious cases to a fully-equipped hospital.

The shameful history of small proprietary hospitals, especially in other parts of the state, should be well known to every interested person.

It must be remembered that these institutions are operated for a profit, and when the large sums mentioned above have to be budgeted, this profit can only be realized in one of several ways:

(1) The Service, equipment, or personnel is reduced in quality or quantity.

(2) Bills to the patient or to his insurance company are padded and inflated to a degree where many insurance companies will no longer honor charges incurred at other than fully-accredited hospitals.

(3) The patient is deprived of the free choice of his own physician by being told that his own physician "is not on our staff here," or that "Doctor X who is on our staff will have to complete the follow-up care in order for us to render a report to your insurance carrier."

In this way the unwary victim of an emergency situation can find himself trapped, literally a captive of the hospital where he went in good faith. No self-respecting community should tolerate such "ambulance chasing."

Our original program centered about the construction of a tax-supported general hospital with complete emergency facilities. We were delighted to invite Mary's Help hospital here and to abandon our own long-developed program when it became apparent that they might relocate here.

Mary's Help deserves the unqualified support of every citizen of this area, for an alternative facility would have cost the taxpayers dearly.

It must be remembered that both the tax-supported district hospital and Mary's Help hospital are non-profit hospitals, where no compromise is made in quality of service and where it is not necessary to gouge the patient or his insurance company in order to line someone's pockets.

It is the responsibility of our city council to obtain or at least to endorse only the finest of services for our citizens. Daly City is not a shanty town where expediency forces us to take less than the best.

The citizens should be told that arrangements have been virtually completed with nearby hospitals, which have complete emergency facilities, to handle emergency cases from this area.

They should also know that local ambulance services have been instructed to take emergency victims only to accredited hospitals or to a physician of his own choice following the recommendation of the San Mateo County Medical society and the County Health department.

I believe that all parties in this discussion are agreed in our wish to provide proper emergency care for the residents of Daly City until the opening of Mary's Help hospital when, it is hoped, any makeshift emergency station would promptly go out of business.

Meanwhile, it is incumbent on every person in this community to give his full material support to Mary's Help hospital's building program and hasten the day when we and our children can feel secure in the presence of this truly outstanding institution.

TO THE EDITOR:

The Christopher Columbus Parent - Teacher association thanks you for sending a photographer to take pictures of some of the children engaged in our science enrichment program and for the good coverage which you gave us in the April 24 issue of The Post.

We are proud of this activity, which is carried on by P-TA members and friends in the community and believe the children who have participated have received a great deal of information and stimulation from the classes. We were glad to share the idea with other people through your newspaper.

TO THE EDITOR:

I cannot understand action taken by our Jefferson High school board on unification. The board was and still is against any kind if unification, but voted for it.

A board member said: "If the facts are properly presented to the citizens, I seriously doubt the voters will endorse this program, yet knowing the facts, the board voted for it.

Does this mean that, henceforth, it would be wise to vote against the board's decisions? The board deplores this mandate but takes no positive action to test its constitutionality.

The board is our government in education. Are we teaching our youngsters one form of government while we practice another?

The county committee is elected by the trustees not by the people. How can they have the "just powers to govern"? We the people did not give them our consent. We gave it to the board.

The board does not have the power to give this "just power to govern" away; nor can any legislator legislate this. It is unconstitutional.

If the facts are to be properly presented, let us begin here. Please correct me if I am wrong.

Bad Check Alert System Outlined

A plan to stop bad check artists from operating freely in Daly City was presented Thursday to the Daly City-Colma Chamber of Commerce by Detective Phillip LaBruzzo.

The plan is based on a telephone warning system similar to the operation of a "chain-letter."

When a known bad check passer is in the area the chamber, the Westlake Merchants association and a few key merchants would be notified.

The alerted merchants would pass the warning to two other shopkeepers and so on until everyone has been warned.

The last merchant would notify the police department to make sure the warning circuit was complete.

When the bad check passer entered another store, police would be notified.

The cost of the program would be distributed evenly by the merchants who will benefit from it the most, LaBruzzo said.

The police department hopes to hire a clerk-stenographer who would set up a central index file to funnel information on bad check passers to merchants.

The department hopes to reinstitute a regular check warning bulletin, which alerts merchants to stolen checks or bad check passers in the area.

The bulletin was discontinued due to a lack of interest on the part of the merchants, officials say.

LaBruzzo said an estimated million dollars a year is lost by businessmen in the Bay Area through bad checks.

He suggested a "four-square" system to use in cashing checks.

In the upper left hand corner, merchants should write the date the check was accepted. In the upper right hand corner, the initials of the clerk making the transaction should be noted.

The amount of purchase and the identification used would be placed in the lower left and lower right corners, respectively.

Going through this procedure reinforces the description of the bad check passer in the clerk's mind and aids the investigating officers, he explained.

The chamber said it will carefully study the program outlined by LaBruzzo. The police officer said he would also outline the proposal to the Westlake Merchants association.

COMMITTEE PROPOSAL

Coast Teachers Seek Pay Boost

Laguna Salada School District employees are asking a five per cent per month pay increase, according to a report presented to the schol board at its regular meeting last week.

The proposal by the salary committee of the Laguna Salada district, California School Employees Association, would add an estimated $14,971 to the school district's budget for the year.

The committee's recommendations also called for a five per cent pay increase out of general funds for cafeteria workers whose salaries must now be paid from cafeteria revenues.

The salary proposals are being studied by the Leguna Salada administrative staff. The staff will discuss them with the employees' salary committee before any recommendaions are made to the school board.

Superintendent Frederick Lucas reported that a district committee has been formed to review the cafeteria operation and make suggestions and recommendations for financing the cafeterias including the possibility of subsides.

Also at last week's meeting, Laguna Salada board members decided to tour two moderistic school buildings in Cupertino Friday. The tour of Dillworth Elementary and John Kennedy Junior High school will be conducted by James Orsburn of the State Bureau of School House Planning.

Superintendent Lucas reported on a special meeting held to discuss the suggestion of an eighth grade student at Linda Mar school that school hours for his grade be changed to 8:30 a.m. to 3 p.m., a half hour earlier than the present schedule.

Student Gregg Tuner, said he felt youngsters would be able to find part-time jobs with the earlier hours.

Lucas said it was decided at the meeting of P-TA members, teachers and the youthful petitioner that the special times might be tried next year for the seventh and eighth grades at Linda Mar school if no special transportation arrangements are required.

The employment of 18 new teachers was approved and the resignations of 11 now on the staff accepted.

It was reported that 744 children have enrolled for Laguna Salada summer session and 86 names have been placed on a waiting list. There will be 2 classes in two schools.

Mock Explosion Tests Pacifica's CD Forces

'Hysterical' Mother Is Restrained

An amateur actress playing the role of an hysterical mother stole the show at the City of Pacifica's disaster rehearsal last week, causing excitement and confusion in the ranks of civil defense workers.

A crew of 220 Pacifica civil defense and Red Cross volunteers was staging a mock explosion and fire, with 26 casualties to be treated at the city's field emergency hospital unit set up for the drill at Sharp Park school.

Mrs. Louis Bergez of the Pacifica Players, local drama society, had been recruited for the role of hysterical mother in an effort by officials to test volunteers' ability to deal with the public.

Paul Rushing, the city's civil defense director, said other members of the Players participated in the drill by acting the part of spectators and harassing officials in their work.

As staged by Rushing, a large gas tanker with trailer supposedly went out of control on the Edgemar freeway, just north of Pacific Manor shopping center. It crashed over the west bank, caught fire and exploded theoretically.

The casualties were a group of boys, played by local Boy Scouts and Sea Scouts, who were supposedly playing baseball in a field near the explosion, which was set for 7 p.m.

Endanger Residents

In the alert, firemen were told that easterly winds caused the fire to spread to a nearby service station and to an auto repair shop and was endangering 500 residents of a neighboring apartment complex.

Communications during the drill between firefighters, first aid workers, the field hospital and central headquarters at city hall was handled by local members of the Ham Operators club.

Heroes of the alert were the Scouts, who wore realistic rubber disguises simulating a variety of wounds, most of them more reminiscent of the battlefield than a civilian casualty. The boys lay patiently on the cold Coastside field, some for 30 minutes, waiting for help to arrive.

Most of the first aid was administered by police and firemen, since volunteer civil defense first aid workers missed a cue and arrived late. Chief of Police Neil Tremaine loaned his jacket to one shivering "victim."

Ambulances to take the boys to the hospital were late also, but this was deliberate, according to Rushing. Pacifica has no public ambulance and, as in the alert, ambulances would have to come from San Francisco and the U.S.A. Nike base.

The field hospital, directed by Dr. Brown, Pacifica's civil defense medical officer, was fully equipped with emergency surgery, burn wards, shock wards, morgue, laboratories, central supply, pharmacy, X-ray and radio communication center.

The 26 casualties and nine "Dead - on - arrivals" were brought in and the "casualties" given the treatment required by their injuries.

The hospital drill included surgery under emergency lighting during two simulated power failures.

First Drill

Pacifica's field hospital drill was the first to be staged in Northern California, according to top ranking civil defense officials who were observers last night.

On hand for the drill and a critique later were William Tuttle, health mobilization officer for the state of California, and Don Trent, who holds a similar position in Arizona; James Simpson, director of Oregon state civil defense, and Jack Black, San Mateo county civil defense co-ordinator. Also present was Carl Monroe, deputy director of the federal Department of Health, Education and Welfare for the state of California.

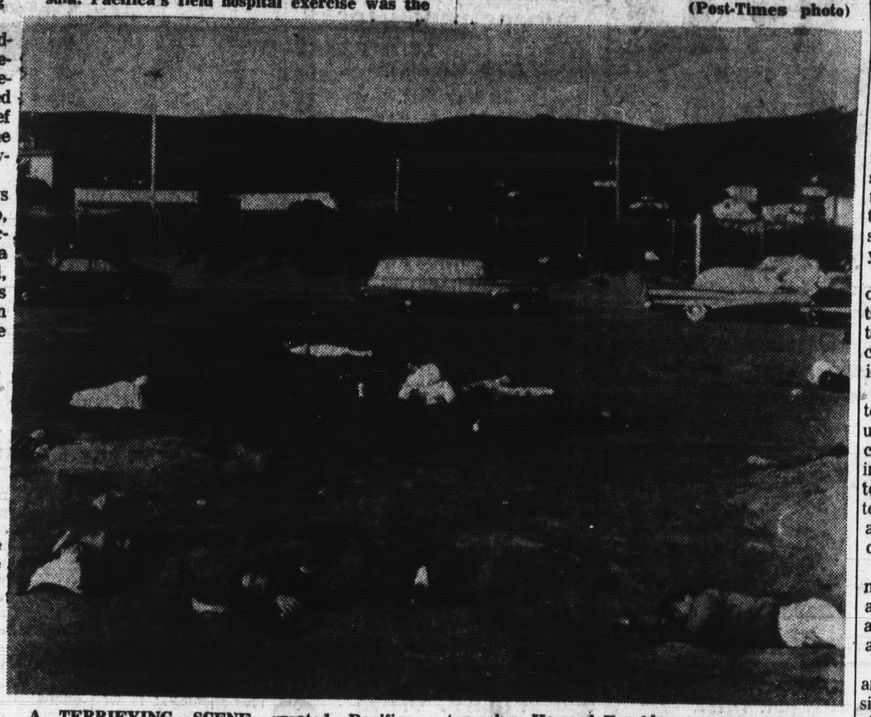
EMERGENCY POWER is used in the field hospital to treat the casualties in the most realistic disaster drill ever conducted on the Peninsula. Pacifica's field hospital exercise was the first staged in Northern California. On hand for the drill and critique in civil defense techniques were top Western CD leaders. (Post-Times photo)



A TERRIFYING SCENE greeted Pacifica civil defense workers Tuesday night as 26 "casualties" littered the baseball field just north of Pacific Manor shopping center. Here photographer Howard Frankhouse was one of the first to reach the scene of destruction as a gas tanker "exploded." (Post-Times photo)

CD Officials Laud Pacifica

Pacifica's disaster rehearsal and field hospital exercise last week were the best they had ever seen, two top-ranking civil defense officials from Oregon and Arizona said last week.

James Simpson, director of Oregon state civil defense, and Don Trent, health mobilization officer for Arizona, told Pacifica's civil defense director, Paul Rushing, they had never seen such a realistic and thorough exercise in mobilizing volunteer forces in an emergency.

Pacifica's drill was rated one of the top five out of 38 civil defense exercises given in California this year by two other authorities observing here last week.

Commending the Pacifica action was Carl Monroe, deputy director of the federal Department of Health, Education and Welfare for the state of California, and William McLarty, chief medical supply and public health officer for California.

City Chorus Makes Debut

The new Daly City Community Chorus will make its first appearance at the Colma Junior High school P-TA meeting tonorrow at 8 p.m.

The group, sponsored by the Daly City Recreation department, was formerly known as the Belletones, a women's choral group.

Featured on the program will be Colma student Donald Zimmerman, in a trumpet solo, with choral accompaniment.

Songs to be featured are "The Pledge of Allegiance," "It's a Grand Night for Singing," "Some Enchanted Evening," "He's Gone Away," "Climb Every Mountain" and "Wonderful Copenhagen."

Sanitation Unit to Hire An Overseer

The North San Mateo county sanitation district is seeking a full-time engineer - administrator to oversee the overall operation of the district's facilities.

The board of directors authorized advertisement of the position at a meeting this month.

Expected growth in the north county area and several pending projects are the reasons for the decision to create the new position, according to district chairman Francis Pacelli.

Until now, the district has used the consultant services of C. L. White. White, however, plans to retire after the completion of the district's new ocean outfall later this year.

The engineer-administrator will act as a general manager, taking policy direction from the board of directors.

In other action, the board accepted a proposal from Chicago Scru-Flo Pump company to replace two pumps that have not been functioning properly.

The pump company had offered to install two larger pumps and give the district full credit for the two inoperative pumps.

The district will have to pay an additional $3204.

The firm has spent over $2000 in trying to get the pumps to work properly and says it would have to spend an additional $1500 to put the pumps back to work while a replacement is being sent from Chicago.

The board also authorized the payment of $1875 to Julius Castelan, civil engineer, for the study and preliminary design of trunk lines and sewage facilities in areas of planned expansion.

Castelan will study the lines that will service a potential 14,000 persons in Westborough, 2000 in Saliou Lands, 23,000 in the Christen Lands, and 2000 in Colma Farms.

The board held over to its next budget year the installation of an effluent sewage line from the plant to the ocean outfall line on Thornton beach.

The line is expected to cost approximately $88,000.

LagunaBoard To Continue Pilot Study

After hearing a report of the ungraded primary at Sharp Park school, Laguna Salada school trustees last week authorized continuing the program on a pilot study basis for the next two years.

In the ungraded primary, children from grades one through three are in one classroom and the teacher works with them according to their abilities in various subjects.

In their report to the board, teachers said they noted in the ungraded primary a greater acceptance by the children of varying levels of achievement. The teachers also said they felt intellectual horizons were raised and children learned from other children at other levels.

Children in the ungraded primary chose playmates of all ages, it was observed. The social adjustment of six-year-olds was accelerated.

The teachers observed that in an ordinary first grade, it takes six to eight weeks for the beginners to learn what school is all about, but in the ungraded primary it takes them only two weeks.

Mixing the ages and greades encouraged feelings among the children of responsibility for themselves and other children, the teachers felt.

Ladybugs do not die at the end of the season like so many other insects, but hibernate for the winter.

Club Dinner Set

The Westlake Christian Couple's club will have a special event for their meeting this month.

The couples will meet at the church at 4 p.m. Sunday and have dinner at the CPO club at Treasure Island, after a tour of the island.

Jeff Teacher In Workshop

Patrick Ryan, a general business teacher at Jefferson High school, has been chosen to participate in summer workshop June 24 to July 19, sponsored by the Pacific Telphone company.

Each year, the company invites a number of teachers and counselors in the Bay Area to join the program.

The purpose of the workshop, according to the company, is to develop better understanding between the schools and the company through an exchange of viewpoints and work exeriences

Warriors Clinch Tie for Crown

Rams Forfeit to Leaders; Oceana Wins First Game

By MILT STAUB

South San Francisco's smooth-working Warriors remained undefeated during last week's play and by that feat assured themselves of at least a tie for the Northern Peninsula league baseball title.

Bob Brian's charges swept past Oceana, 8 to 5, and were awarded a game by forfeit against Westmoor. The Warriors' magic number now is one.

Jefferson, totally impressive they upset Westmoor, 5 to 3, on Wednesday, faced El Camino in a showdown for third-place Friday and didn't quite make it. The Colts pulled out a 5 to 4 squeaker and moved past Westmoor into second place.

Oceana staged what would be looked upon as a non-newsworthy event elsewhere but, in Pacifica, the Sharks made headlines.

They downed each rival Terra Nova, 6 to 4, and went home with their first victory of the season.

The Shark win failed to follow a season-long scrip. Terra Nova outhit the Sharks and soundly, 12 blows to 7. Previously Oceana had consistently outhit the opposition—and lost the game, usually on a hat-full of errors.

Friday, the picture changed. Frank Lawler's men assembled a solid game and committed but a single bobble.

Oceana never trailed as Steve Rentmeester laced a first-inning homerun. Kevin Roberts picked up the pitching pieces for Terra Nova in the third and was brilliant, allowing but two safeties through six innings.

Terra Nova tied the contest at 4 to 4, Roberts, himself, unloading a prodigious homerun that observers estimated rolled past the 500 foot mark in spacious Terra Nova park.

The Tigers hit in almost every frame but Don Helm was a bear-cat with men on, leaving nine base-runners stranded, and the match entered extra innings.

In the top of the eighth, Oceana, not to be denied a conquest, loaded the bases on walks and Rich Bermudez-s single scored the winning runs. Lead-off man Bill Zander carried out his chore ably, hitting four times for the losers.

Jefferson pitchers Mike Gutierrez and Jerry Sullivan also accomplished noteworthy deeds during the week. As Colt Mark Avelar completely subdued the heart of the Jeff batting order Friday, Gutierrez staged a one-man riot with his bat.

The Indian hurler went four for four, including a double and triple, scored two runs and drove home the Indians' remaining two runs.

Ron Davis, with two hits, shared Colt hitting honors with Ernie Tressette, who emptied the sacks in the sixth with a line three-baser. Davis scored the winning run on an error.

Wndnesday, Jerry Sullivan limited hard-knocking westmoor to one hit for six innings. Trailing 5 to 0, the Rams pooled four hits in the final frame to avoid the stigma of a goose-egg.

Larry Keeling hammered a double and triple for Jefferson and Gutierrez, playing the outfield on this date, had another two hits for himself.

South City's defeat of Oceana Wednesday was routine, the Sharks hitting the jcakpot in errors, this time, a ghastly ten.

Hugh McNevin, Gary Iacini and Dave Simi cracked out safeties at the proper time and Jeff Jones worked from a rocking chair for his third victory. One of Simi's blows was a homer.

Five homeruns featured El Camino's rollicking 8 to 5 win over Terra Nova Wednesday. For the Colts, Mike Tyler clubbed a pair and Walt Harris picked one. Marty Coil and Dan Gentry hit circuit smashes for the Tigers.

Westmoor's forfeit to South San Francisco Friday was triggered in the third inning when Umpire Bruce Cunningham thumbed Ram pitcher Bruce Hix from the game.

Hix had protested a balk call that forced in a run. When Coach Rod Losberger, also invited to depart the scene, refused to leave the field, Cunningham declared the contest forfeited to the Warriors.

Hix Leading League With .632 Record

With three games remaining, Westmoor High school star Bruce Hix is well on his way to capturing a second consecutive North eninsula league batting crown.

The Ram slammer is meeting the ball at a .632 clip with South San Francisco's Neil McNevin closest to him at .529.

As a sophomore last season Hix, facing sterner opposition, hit .471. With three home runs and 15 RBI's thus far, he could conceivably walk off with triple crown honors.

South City's ace pitching duo, Chuck Oliviera and Jeff Jones, lead the hurlers with a 4 and 0 and 3 and 0 records.

California's Leading Hair Expert Demonstrates Baldness Problems Next 8 Days

S. I. Turoff, director of Turoff Hair and Scalp Experts shows how baldness can be caused by excessive hair fall and dandruff. This famous specialist is offering a free examination and $2.00 demonstration treatment for the next 8 days. Hours: Daily 11 a.m.-8 p.m.; Saturday, 10 a.m.-2 p.m. Thursday 4 p.m.-8 p.m.

Basic Principle of Baldness and Prevention Explained by Expert

Remarkable new methods to prevent baldness and thicken hair will be demonstrated in the next 8 days in an unusual manner.

Noted Expert Speaks

"Probably the greatest single cause of baldness is simply neglect." So says S. I. Turoff, dynamic young director of the Turoff Hair and Scalp Experts. This specialist is well qualified on this subject, being the founder of the large Turoff organization. Over 1 million treatments for scalp problems have been given to thousands of satisfied clients.

Turoff continued, "excessive dandruff, falling hair, itchiness; over dry or oily scalp, thinning or bald spots, these are all danger signals from nature. You might think that with such warnings of approaching baldness, an intelligent person would act fast to prevent it. Unfortunately, this is not always so."

Wrong Belief on Baldness

Turoff reflected, "there are so many outdated thoughts and beliefs on the hair, it is easy to put yourself in a frame of mind where nothing is done, and one mistaken belief is that baldness is "natural," and due to age. This is nonsense. Science has proven hair grows fastest from 35 to 60 years of age. Another belief is that baldness is inherited. If this were true, why would a person have hair, for say, 30 years. We can inherit the tendency, not baldness itself."

Turoff continued, "however, the most foolish belief of all is that nothing can be done. The Turoff Hair and Scalp people have become California's leading organization in this field because we have proven that thought wrong — to thousands of happy clients. Our records show we can help 95% of the people we examine, we do not accept those that are hopeless, because of systemic complications, or those that are slick bald. We are concerned with one thing — the amount of hair you still have, and this includes fuzz. If a hair root is still there, that hair can be improved. You get thicker hair because of one fact — a healthy scalp grows hair, where roots are still alive. This fact can not be disputed! Turoff examination is free, the treatment is pleasant and relaxing. Our hours are very convenient for working people. Worried about cost? Let's just say — the bulk of our business is from average working people. They all agree our rates are reasonable, and this small fee is a fine investment indeed for a head of hair instead of baldness.

Offers $2.00 Trial Treatment Next 8 Days

For skeptics, we are making a very special offer. Come to your nearest Turoff office in the next 8 days. If the free examination shows we can help you, your first Turoff treatment will cost you just $2.00 (no obligation.) This experience will surprise and delight you. It may change all your ideas about letting yourself go bald. Spend that $2.00 and let us prove this to you. Hurry in soon.

WESTLAKE BOWL

CHARLIE WELLMAN didn't let his 166 average bother him in the Country Club Handicap league as he rolled a 661 series on games of 216-244-201 to set a new league record.

One pin kept **Helen Mathews** from membership in the 600 club as she led the Ladies' 650 Scratch league with a 599 series on a high game of 213.

Jim Hicks led the 815 Scratch league on opening night with two games over the two hundred mark as he posted a 580 series with high games of 207 and 219.

Jerry Nelson took the $10 first prize in the Monday Afternoon Ladies 3-6-9 Singles as she had a 664 series. **Nita Del Campo** won $80 for second place, four pins behind Jerry. This is a weekly features in which the ladies are given automatic strikes in the third, sixth and ninth frames.

The Early Fives league found Jim Bradbury leading the pin parade with a 187 game and 518 series.

With entries well over the 800 mark to date, the Gold Coast Classic closing date draws nearer. The qualifying period ends at midnight, June 2, after which the Westlake Rolloff will be held to determine those who will represent us in the grand finals at Cordova Lanes in Sacramento.

Cards, Lions Dodgers Lead Their Loops

Action in baseball leagues sponsored by the Daly City Recreation department continued at a torrid pace last week. Here is a rundown, league by league, of the action:

INTERMEDIATE LEAGUE

The PAL Dodgers hold the lead with a three wins and one tie record. The Dodgers put Rush (Special Delivery) Runge on the mound against the Ben Franklin Press team in their latest game. The Press team could not exhibit their opening game form as Runge struck out 12. The Dodgers won, 9-3.

Relish Bakery and the Holy Angels Shamrocks fought a close one with the Bakery Boys coming out on top, 8-6. Both pitchers allowed very few hits but walks and errors hurt both teams.

Two fielding plays helped Bakery, a great running catch by Jim Ragland and a play to the catcher on a bases-loaded situation that retired the side, helping bring home an 8-6 win.

Bender Roofers pulled a real upset. After four losses their batters found the range and pounded out 17 hits against the tough OLM Aces. Steve Seager collected four for five.

There were six triples in the ball game.

MIDGETS-AMERICAN DIVISION

After taking their lumps last year, the Holy Angels Lions are showing what determination can do. They are sporting an unblemished 5 and 0 record this season. Jack Mingram took the mound for them against the PAL Redsox and allowed the Reds only three hits. The Lions won, 9-6.

The fast-improving George Harrison Realty team downed the OLM Dons in a well-played 4-1 game. Gar Tompkins pitched for Harrison, giving up four scattered hits and four walks.

Nick Nicolas, Phil Schmuck and Bob Locke hit timely singles to break a 1-1 deadlock. Coach Randy Hix commented on the excellent play by Big Mike Farrar behind the plate.

The PAL Giants and Misracks had a battle. The game went nine innings to see the Giants come out on top. Don Shotts went all the way for the Giants, giving up only two hits and striking out 16. Wildness and errors cost him the only Misracks run.

It was a 1-1 ball game until Wilcox, Giant outfielder, doubled with two aboard. Owens scattered seven hits and walked only one in the close ball game. The Giants won, 4-1.

MIDGETS, NATIONAL DIVISION

The PAL Cardinals moved ahead with a win oveer the PAL Braves, 5-0. Gary Wilson chalked up a four-hit shutout in the win. Steve Kirby hit two for two, including a triple.

Ron Papes took the mound for the Cardinals against the PAL Yanks and downed them 11-4. Papes struck out 12 men and allowed only three hits in the game.

Jerry Bento came through for the Cardinals with a big stick. He blasted out two triples and drove in six runs.

The Yankees dropped another one to the Bender Roofing Cats. Joel Carrara got his second win of the season. Dave Belli hit three for three for the Cats.

The Yanks' week was not a total loss. They picked up a close win over the Holy Angels Colts, 6-5. Joe March, the all-around athlete from the Colts, hit two for three for his club.

Timmy Dillon came through for the Colts as a relief pitcher and cooled off the hotshot OLM Leopards in an upset. Rex Balobi and Joe Morch blasted out big hits that give the Colts a three-run fourth inning.

Jeff Becker slammed out a triple in the sixth for OLM but the Leopards couldn't put anything with it to change the score.

The PAL Indians gained their first win. They broke the Colts in a 10-6 ball game. Joe Morch gave the Indians plenty of trouble. He hit two for three, one a homerun that tied the score in the first inning.

Ken Kiser gave the Colts only four hits in his first win. Mike Farios did him a favor at the plate, going four for four with a triple to help out the Indian scoring.

Control of Teen Dance Halls Urged

Strict laws governing the increasingly popular teen-age night clubs and dance halls were demanded last week at a public hearing conducted by the county board of supervisors.

Several of the speakers asked that they be outlawed entirely, but District Attorney Keith C. Sorenson advised the board that it does not have the power to prohibit, only to regulate.

After an hour-long hearing, the board appointed Sorenson, Sheriff Earl B. Whitmore and County Manager E. R. Stallings a committee of three to make recommendations for a regulatory ordinance.

The committee was instructed to confer with the chiefs of police of each of the county's 17 cities and attempt to reach general agreement on what should go into the law.

Members of the board said the ordinance should apply uniformly throughout the county. The board has jurisdiction over only the unincorporated area.

Teen Complaints

The hearing was scheduled on the request of Supervisor James V. Fitzgerald, who said he had received many complaints about the operation of Teen City, a teen-age dance club in Colombo hall on Old San Pedro road just out of Daly City.

Sorenson said an existing county law applies to dance halls in general but that there are no regulations applying to teen-age clubs specifically.

Among the petitions and letters received by the board protesting against Teen City was a letter from the city of Daly City, objecting to the issuance of a business license to the club operator, David Resch.

The letter said the dance hall would stay open later than similar youth activities in Daly City and would pose curfew problems, that there is inadequate parking around the hall, that there will be auto thefts and car stripping by youngsters attending the dance and that the club will attract undesirable elements from other cities.

Resch told the supervisors that he operated a teen-age dance hall in Alaska for two years.

"It can be good, or it can be a problem, depending upon how it is run and who runs it," Resch said.

Resch admitted that his motive is profit but said he felt the club would help combat juvenile delinquency. The club, for which a license has been issued by the county, caters to youngsters in the 14 to 18 age group.

Resch said memberships are $4 a year. Dances are held on Friday and Saturday nights from 8 to 1 and the admission price is $1.50 or $2.

Eight adult supervisors and four uniformed policemen will be on duty at all times, Resch said. Youngsters will not be allowed to leave the hall and return without paying another admission price. Resch told the board that he will be especially careful to prevent the smuggling in of bottles.

"You know how teen-agers are," he said. "You give them an inch and they'll take a mile. You have to keep one step ahead of them."

Dance Control

Among the speakers who urged stringent control of teen - age dance halls was Mrs. John Quinn, who with her husband is owner of a motel in Redwood City that is adjacent to the Peppermint Stick club for youngsters.

She said auto traffic is bad and the place is very noisy. "When the door opens," she told the board, "the noise comes out like a blast out of hell." She said countless liquor and wine bottles and beer cans have been gathered up on the motel property.

Mrs. Quinn told the board that youngsters leaving the dance have knocked on every door of the motel as they walked past. Some of them have tried to rent rooms she said.

A Detriment

The Rev. James Branch, minister of the St. John Baptist hurch in East Palo Also, also urged strict regulations.

"It is quite a detriment to any community," he said. "It attracts from everywhere, and it is not the good people that it attracts."

Ruth Bloom, co-owner of the Peppermint Stick, defended her place, said adequate precautions are taken and asserted that it is "filling a void" for teen-agers.

Chief Ray Savage of the Broadmoor police department said he was at first opposed to Teen City but changed his mind after watching the operation for three hours last Friday night.

"I feel it should be given a chance," he said. Chief Savage recommended, however, that it close at midnight instead of 1 a.m. and, in reply to a question from Supervisor T. Louis Chess, said he felt that children of 14 are too young to attend.

Chuck Vincent, director of recreation for Daly City, agreed that 14 is too young. He urged that the ordinance limit the hours to comply with the curfew regulations of the nearest city.

Philip LaBruzzo, juvenile officer of the Daly City police department, repeated the objections contained in the city's letter to the board and said he felt there was no need for Teen City, that the city is presently providing plenty of recreation for the area.

Southern Hills Home Association Organized

A new neighborhood association has been formed in North San Mateo county.

The group will be known as the Southern Hills Improvement association and will include residents in the Crocker Estates area.

Interim chairman is Mrs. Eileen McQuaid of 253 Canyon drive. She will head the group until an election is held.

Some 35 residents attended the first meeting of the association. Several sessions have been held since then.

At a meeting Monday night, Robert Lloyd, superintendent of Brisbane Elementary schools and Allen Rigler, president of the Brisbane Elementary school board, discussed schools in the area and plans for the future.

The meeting was held in Guadalupe school.

Anyone interested in joining the group is urged to call the membership chairman, Frank Schott, at JU 6-2380.

New Farm Club League Formed for Youngsters

A new baseball league for boys in the fifth grade and below will start on Tuesday. The league will be called the Farm Club league and is designed to introduce boys to hardball in easy steps.

There are no walks. All boys must hit or strike out and to compensate, their own coach pitches to them. He puts the ball across the plate in a manner that encourages them to hit rather than shy away from the ball.

All boys on the team must play at least two innings and there is no stealing of bases.

Signed up for league play are four teams from PAL, two from Holy Angels, one from Latter Day Saints, and two from the Better Youth association. Teams will play on Tuesday evenings and Saturday mornings at Colma school field.

For further information call the Daly City Recreation Department at PL 5-0850, Ext. 18.

Sugar 'n' Spice

By Nell Norton

THE DICTIONARY says this about the strawberry: "The small, red, cone-shaped fleshy fruit of a vine-like plant of the rose family." Now, did you know that strawberries were in the rose family? I didn't, but when you think of it they are pleasing to the eye as well as the palate, and their beautiful red color is rose-like. The markets are blossoming forth with baskets of these red beauties now, so how about making a strawberry shortcake?

OLD-FASHIONED STRAWBERRY SHORTCAKE

1 cup flour
1 teas. baking powder
¼ teas. salt
1 egg yolk
3 Tbsp. shortening, rounded
4 Tbsp. milk

Sift flour, baking powder and salt. Cut in the shortening. Mix the egg yolk with the milk and add to the first mixture. Drop on buttered pan for the more "casual" look or roll out ¼ inch thick and cut with biscuit cutter. Bake in moderate oven, 350 degrees, for about 20 minutes, or until lightly browned. Cut the biscuits in half and fill and top with strawberries. And whipped cream.

HOW DOES the trip to the market rate with you? Do you hate it? Look forward to it? Or just resignedly go forth to do your duty? I find the waiting line at the market an interesting place—for what else but food is there to talk about as you wait? Last week, I met a lady who said she was always on the look-out for new ways to use ground meat. I hope she is reading "Sugar and Spice" this week for here is a very good way to present ground meat to the family:

SPANISH BEEF

1 lb. ground meat
1 green pepper, chopped
1 onion, chopped
2 Tbsp. margarine or butter
2 cups cooked broad noodles
1 can tomato soup
1 cup water
¼ teaspoon salt
½ cup canned mushrooms, sliced
1 teaspoon Worcestershire sauce
½ teaspoon paprika
¼ teaspoon pepper
⅔ cup grated Parmesan cheese

Saute beef, green pepper and onion in butter or margarine. Place one cup of noodles in greased 2-quart casserole. Top with half the meat mixture and half the sauce made from the rest of the ingredients. Add the remaining noodles, top with the meat mixture and the sauce. Bake in 350-degree oven for 45 minutes. Serves 4 to 6.

FRENCH BREAD and a tossed green salad would certainly finish off this meal perfectly. But if you want to add a vegetable, try this:

GREEN BEANS AND CHEESE

1 can green beans
1 small package cream cheese
1 can French fried onion rings

HEAT THE beans and drain well. Stir in cubes of the cream cheese; cover until cheese melts. Turn into serving dish and top with onion rings.

A colorful showing of summer swimwear in a tropical cabana setting will be presented by Penney's Department store Saturday in the mall of the Westlake Shopping center.

Store officials say the fashion show will be the biggest event Penney's has ever sponsored in Westlake.

Two shows will be given, at 12:30 and at 2:30 p.m. Both will be just outside Penney's mall entrance.

Featured in the show will be new concepts in styling, such as a two-piece high neck "Sabrina" type outfit and the new two-piece blouson with striped top.

Show sponsors say the always-fashionable one-piece suits are particularly outstanding this season.

These suits will feature such styling as the low back—shown in prints, solids or stripes.

The fashions will be worn by professional models from a leading Bay Area agency.

After the shows, Olive Allone of Penny's staff will assist customers. In addition to the swimwear modeled, accessories, such as beach bags, beach towels, swim caps and hats will be shown.

Louanne's Datebook

By Louanne Heath

A LARGE gathering of Pacifica residents, social and civic leaders whom, it is hoped, will form a nucleus for a city-wide bond selling committee for the new Mary's Help hospital, were the dinner guests of the representatives of the Daughters of Charity Thursday evening.

The group met at Nick's Rockaway restaurant and heard plans for a fund-raising campaign that will encompass the North Peninsula area and parts of southern San Francisco. Some $1,500,000 still is needed.

According to **Mayor Harold Feyge**, who along with **Jean Fassler** and **Mrs. William Drake** has been actively associated with the hospital plans for the past four years, $3,800,000 will be given by the state under the provisions of the Hill-Burton act, the Order of the Daughters of Charity will contribute $2,580,000 and a banking firm has pledged an additional $1-million.

MEMORY LANE, the fashion show currently being planned for October by the Mother's club of Our Lady of Perpetual Help church, will be attended by all the former presidents of the club with the exception of one, **Mrs. Dean Schrieber**, who passed away recently.

The occasion is bound to bring back numerous memories for **Mrs. Fred Klinger**, charter president of the group, who has seen the school grow from one building (divided into quarters, to house the first through the sixth grades, and two rooms in the back of the church for the upper two grades) into its present impressive and attractive plant.

The group has had 22 presidents since it was organized in September of 1939 by a group of mothers interested in promoting the welfare of the school and creating a spirit of co-operation between the faculty, parents and clergy.

OVER 200 residents of the Westview section of Pacifica were on hand to enjoy the music, dancing and midnight supper at the fourth annual Westview Improvement club's ball, according to **Rex Muller**, president of the club.

Lou Lorenz, Jack Green and Muller were co-chairmen of the affair, which was held in the Pedro Point Fire house.

☆ ☆

MR. AND MRS. SHELDON STECKEL, owners of the new Cable Car Shop in Westlake, began their second month of operation by adding something new to their family, a third daughter, **Phyllis**.

The youngest Miss Steckel weighed five pounds one ounce when she was born, earlier this month, in San Francisco's Children's hospital.

☆ ☆ ☆

THE STYLISH WORLD was the name of a fashion show presented by the students of the Terra Nova High school homemaking department on Thursday afternoon.

Members of the Terra Nova P-TA were guests of the girls, all students of **Mrs. Lola Moe** and **Mary Ann McDermott**, during the show and the tea that followed.

Earlier this month, five students of Mrs. Moe and Miss McDermott were among 10 California high school girls whose table settings and menus were selected for exhibit at the annual Spring Festival held in Sacramento. **Janet Hanshew, Liz Luce, Laura Jones, Jeanie Garner** and **Candy Sharp** received trophies and certificates for excellence in home economics.

☆ ☆

WHY ARE the merchants of Pacifica wearing those yellow daffodils? There seems to be some mystery about the flowers but **Mrs. George Mason** of the Pacifica branch of the American Field Service indicated that everyone who attends the theater-champagne party and ball planned for next Wednesday will learn the secret.

Tickets for the affair are still available. Interested persons may purchase them in the Pacifica Chamber of Commerce office, the Wells Fargo bank or by calling Mrs. Mason at EL 9-0966.

☆ ☆ ☆

MRS. NANCY FINKEN, president of the Pacifica branch of the American Association of University Women, represented her branch at the AAUW's state convention held at the Disneyland hotel last Thursday, Friday and Saturday.

The AAUW is very proud of the service performed by a large segment of its local membership in conducting a survey on the pros and cons of a local ordinance, which would have made it mandatory for any person running for a civic office to resign from any volunteer service positions he might hold.

On the basis of a report made by **Mrs. Mary Henderson**, legislation chairman, and her committee, the ordinance was defeated.

In recent elections, the Catholic Daughters of America, Court St. Mary 1155, selected **Mrs. Maurice Clark** grand regent for the coming year.

Other new officers, all of whom will be installed in June, are: **Mrs. Arthur Dikas**, vice regent; **Mrs. James O'Reilly**, prophetess; **Mrs. George Ryan**, financial secretary; **Mrs. Thomas Baldwin**, historian; **Mrs. Louise Barnard**, treasurer; **Mrs. Fred Wettstein Jr.**, monitor; **Mrs. Atteleo Minoletti**, sentinel; **Mrs. Una May Kerlik**, lecturer and **Mrs. Curtis Collins**, organist.

Trustees to be installed are **Mrs. William Gonzales, Mrs. Edward Nolan, Mrs. Thomas Glynn, Mrs. James Gallagher, Mrs. Rose Lutz** and **Mrs. Marcel Covell**. The Reverend Matthew Sullivan will be chaplain.

☆ ☆ ☆

MRS. KATHERINE MULLIN, a long time member of the Jefferson Elementary school district board of trustees, is currently in Santa Barbara visiting her daughter.

Mrs. Mullen, who is about to become a grandmother for the first time, will spend six weeks in the southland.

A MAJOR HITCH has developed in plans for an all night graduation party for the seniors of Terra Nova. A motion picture, booked months ago for showing at the party, will play a local theater later this month.

Efforts to obtain an alternate film are being made.

In other activity connected with the all night party, members of the senior class spent a large portion of their time last weekend washing cars. The students, under the direction of class president Charlotte Ortisi, charged $1 for a complete car wash in an effort to raise enough money to pay for the band.

The project, a highly successful one, was carried out in four locations so that motorists throughout the area might assist in making the party a success.

MEMBERS, PROSPECTIVE members and anyone interested in supporting the work of the North Peninsula circle of the Florence Crittenton home is invited to attend the next meeting of the group scheduled for June 12 at 10 a.m. in the Daly City War Memorial building.

Speaker for the meeting will be John Mongan, principal of Jefferson High school. His topic will be the discussion of prevention and the solution of the problem of unwed mothers in our high schools and homes.

This will be a religious school teachers' Sabbath. Services also will include a consecration ceremony for those to be confirmed May 28 and a graduation of Hebrew school students.

Those who will receive certificates of Hebrew school graduation, awarded by Rabbi Bernard Ducoff, executive director of the Bureau of Jewish Education, will be:

The Temple Judea children's choir, under the direction of Mrs. Max Rubin, will sing at the service.

Book Sale Is Planned

The Judea Organization of Youth (Temple Judea Youth group will hold its second annual book sale Sunday at the temple, 95 South Mayfair avenue in Westlake. The sale will be from 11 a.m. to 2 p.m.

Pocketbooks and hardbound books will be sold — ranging in price from five cents to 50 cents, according to Steve Lerner, book sale chairman. No book will be priced over 50 cents.

Proceeds from this sale will help provide a camp scholarship for a young person.

Teens Lauded For CD Role

Teen-agers receiving special commendation for their civic mindedness in Pacifica last week were Sea Scouts of Ship 74 who helped with the city's civil defense disaster drill.

Under the leadership of their skipper, P. L. Brauner, the boys served as litter bearers in the field hospital and acted the part of "Dead on Arrivals."

The "DOA's" were picked up on the field and taken to the "morgue" at the field hospital in Sharp Park school where volunteers searched through their wallets for identificaiton.

Sea Scouts taking part in the drill included: Leo Bellefleur, 340 Fairway; Paul Wehr, 259 Marina way; Dwight Carter, 1440 Crespi drive; Charles Rushing, 296 Eastside drive; and Dave King, 336 Pacific avenue.

Advisor to Participate In Workshop

Richard Hart, Westmoor High teacher, counselor and student affairs advisor, will be one of the honored participants in the Stanford university workshop for community leaders August 7-9.

Selected by the university, Hart, with other leaders, will discuss "The Problems of Children and Youth in California, the topic suggested by Roy Votaw of the California Youth authority.

"Delinquency Prevention" was the theme of the recently held governor's conference at which Hart represeted the California Teachers' association.

The conference, under the sponsorship of the governor of California and 17 other organizations, hosts 2000 delegates from most organizations connected with youth.

Following a mass meeting of all the delegates, the conference broke down into 60 discussion groups which were to come up with practical ideas on solving some of youth's problems.

Teenager Asks . . .

By JOE BAVARESCO

Dear Mr. Bavaresco:

I am a 15-year-old girl. My parents say we girls wear our skirts too short and we look disgusting. They insist I wear my skirts below my knees. The other kids think I'm weird. How can I convince my parents that I want to dress like everyone else?

Help me please.—Helpless

Dear Helpless:

Sometimes people forget quickly. Remind your parents of the 1940's and the skirts. The country managed to live through it then and I'm sure we will continue.

Parents should realize this is the fad or style and like all things this too will pass. "The key to patience is history and all history repeats itself." True also in styles.

I'm sure parents of teen-agers in the 1940s were just as upset as parents today, and parents in the 1900s and I'm sure parents have been upset with their children from the beginning of time.

The difference between understanding parents and un-understanding parents is the ability to remember.

Dear Mr. Bavaresco:

I am 17 years old and I am graduating from high school this June. My question is I don't know what to do about the armed services. Should I go to college first and wait for the army to grab me or join now? What is your opinion?—
Undecided

Dear Undecided:

This is a tough decision to make, however, first let me say the army doesn't grab you. Unfortunately, this is the opinion of too many guys. The army, like anything else, is what you make it. Men who fail in the U.S. Army, usually fail as men and civilians.

The army or navy or any armed services offers you a chance for the best education and training, especially for some one who is undecided as to his vocation. I can't decide for you, no one can. This is the first of many decisions left up to you entirely.

Get the idea of the service as a bad, unhappy, ugly duty out of your head. Because it isn't so. In fact, for every guy you show me who disliked his hitch in the service I can show you 50 who did and thousands who have found their life's work, through training and education in the service.

So my advice is one, stop in and visit your recruiter. Don't be afraid of him. Discuss your decision with him. He is trained to be understanding with young guy. Talking with him doesn't commit you to join or enlist. I've met several recruiters and they number among the greatest guys I known.

Second, if you feel you want college first and your grade are good or average and you know what you want to do for your life's work, then by all means go to college. If your grades are average, start at a junior college first or a two-year college, then you will be more apt to succeed rather than if you had jumped right into a four-year college, it can be tough.

Education is the most valuable possession you can have. Without an education it is next to impossible to get a good job. The first question your employer will ask is: "What education have you had?"

If you say high school he will usually ask: "What education have you had in the service?" If you say none to that, he will more then likely say none to you.

Remember education and training is the key that opens the door to success.

When you go and apply for a job use this as a guide . . . "Would I hire me?!"

Rabbi Morris to Participate In Oratorio Program in S.F.

"Israel in Egypt," one of Handel's most dramatic oratorios, will be presented by an 80-voice chorus, accompanied by a 25-piece orchestra under the direction of Dr. W. Leonard Beck, in the First Congregational church, Post and Mason streets, in San Francisco, Sunday evening at 8.

Phyllis Campbell will be the organist. A harpsichord used by Leopold Stokowski for a guest apperrance at the Lincoln center for performing arts will be used in connection with the oratorio and will be played by Steven Cram.

The chorus is composed of the combined choirs of the First Congregational churches of San Francisco and Palo Alto. The orchestra will be selected from the San Francisco Symphony.

Rabbi Herbert Morris of Temple Judea in Daly City will give an address introducing the Oratorio. The text of "Israel in Egypt" is taken from the Book of Exodus and describes not only the life of the Israelites in Egypt but their dramatic passage through the Red Sea.

Rabbi Morris came to Daly City from Ventura county where he served as Rabbi for the Jewish council. Other rabbinical assignments included the Mt. Zion temple in St. Paul, Minnesota, and Temple Sholom in Chicago. He holds degrees from the University of Delaware and the Hebrew Jewish college of Cincinnati.

Family Film Is Scheduled

At the 7 p.m. evening gospel hour Sunday at Westside Baptist church, a showing of a black and while film, produced by the Broadcasting Film commission, "Split Level Family," will be shown.

The film portrays the Biggs family and a portrayal of family stewardship.

"What is God Like?" will be the topic for the morning worship hour message at 11 a.m. Sunday.

Sunday afternoon from 3 to 4:30 will be ladies day at Westside Baptist. The Women's Missionary society of the church will present a mother-daughter tea, and all mothers, daughters, or adopted daughters for the day, are invited.

Sisterhood Names Slate

A nominating committee has proposed this slate of officers for the B'nai Israel Sisterhood for the coming year:

The Sisterhood will meet at 8:30 p.m. Saturday at the temple house.

Teachers Win Fellowships

Three Westmoor High school teachers have been awarded fellowships for summer study, it was announced at Jefferson Union High school board meeting last week.

Alvin Wolf has been awarded the William Robertson Coe Fellowship in American History at Stanford university. Dexter F. Leland has received a fellowship in economics in the summer program conducted by the General Electric Foundation at Claremont Men's college.

Science teacher Stuart Mepham will participate in the high school teachers' research participation program at the University of California this summer. Mepham will engage in physics research at the Lawrence Radiation laboratory.

Shop Students Visit Airport

Approximately 70 Westmoor High metal shop students will accompany instructor Charles Medeiros Wednesday to the San Francisco International airport to observe the West Coast United airlines maintenance process.

The students will be able to watch how the jet passenger planes are serviced and renovated from nose to tail. Every small item of the entire ship will be checked and re-checked.

Also, the metal shop students will be able to witness a number of processes that go on in the reconditioning. Such things as, electroplating of parts, die casting, machine operation, sheet metal fabrication and upholstering are not new to metal shop students since they have had the fundamentals in class, but this will be their first observation of such methods in the work world.

THIS 'N THAT: Posters have been going up all over the cafeteria at Jefferson High as the student body elections are coming to a close. Signs vary from Wobble with Villis to vote for John F. Kennedy. . . . The Lincoln Mustangs of San Francisco came to the Jeff campus to hold a joint meeting. School activities are quite different. Board executives received ideas to use in their own program. The ideas included competition rallies between class, an activity every Friday night, and help of all the clubs on campus in school activities.

A Helping Hand

MRS. LAWRENCE McDONNELL of 170 Wiltshire avenue, Daly City, left, a member of the Stardust chapter of the Children's Home society of California, helps out at the home on clinic days—assisting foster mothers and their charges. The society conducted a special Mother's Day membership appeal.

Children's Home Society Offers Hope to Childless

(Editor's Note: The Children's Home society of Californiai this week conducted a special Mother's Day membership drive. In this article, Mrs. Lawrence R. McDonnel of Daly City, a member of the society, describes how the society operates.)

BY MRS. LAWRENCE McDONNELL

NO COUPLE looking forward to raising a family need be denied the joys of parenthood. Today, childless couples look to adoption to fulfill their hopes.

How do you go about adopting a child? A phone call to an adoption agency like Children's Home society of California starts the wheels in motion.

Offices of the society are in Oakland, 3200 Telegraph avenue, UN 1-9959.

Many questions, doubts and perhaps fears are to be answered and placated in the minds of the prospective adoptive couple.

Do we have to have a large bank account? Do we have to own our own home? Do we have to be college graduates?

As far as the Children's Home society is concerned—and it has been serving California communities for the past 72 years—a couple does not have to meet any fixed qualifications as to income, occupation, education, housing or social status.

A happy marriage, good health, emotional stability and love for children are the primary qualifications for any couple anticipating adoption.

These are the qualities that spell successful parenthood — qualities that ensure a successful adoption.

THE FIRST meeting of the agency with the couple usually takes place at a group meeting held at the offices of the society. Here at the group meeting other couples interested in adoption gather.

They are told of the procedures and policies governing adoption. They are encouraged to ask questions. They get answers to their questions. And they can begin to evaluate their true feelings and inner motivations about adoption.

The group meetings serve to strengthen desires for adoption on the part of most couples.

A personal interview is arranged with one of the skilled social workers at the society. The case worker and the prospective adoptive parents are to have several meetings following the first.

During the period of family study, meetings are arranged by appointment only—both in the home of the couple and in the offices of the society.

Once the adoption procedure is under way, couples begin to wonder how long it will be before they "get a child of their own."

The careful process of family study and finding the right child for the right couple is completed within a six to nine-month period. Many placements are made in a shorter period of time.

Today, with more and more babies coming to the agency for placement, the wait is minimal compared to even five years ago.

Physicians, attorneys, psychologists and social workers all participate in the studies and planning leading up to an adoption. Each contributes his specialized knowledge to assure the happiest future for the child and his "parents for keeps."

COUPLES who adopt children through licensed agencies have the assurance of a legally sound adoption in a confidential manner.

They have the peace of mind that results from knowing that the decision to place the child in an adoptive home was made by the natural parents only after careful consideration, and that the baby is legally free to be adopted.

They are aware that the natural parents had the benefit of professional counselling in arranging a plan that seemed in the best interests of both child and the parents.

The decision is sound and final. Adoptive parents and the natural parents are protected from having to know each other.

Most babies finding happy, permanent adoptive homes today are from two weeks to two months of age. There are older children for whom the agency seeks homes, as well as children who need special parents to help them with certain handicaps.

EVERYONE INTERESTED in the welfare and happiness of children are invited to become members of the Children's Home society.

Gift memberships honoring mothers will be inscribed in the society's honor roll. Information can be obtained in the Westlake area by calling PL 5-1710.

California wine bottlers use approximately 654,000,000 bottles yearly.

Wedding Bells Ended Reign

HALF REIGN—Daly City's first Miss Daly City last year reigned for only half a year. The reason? Wedding bells. Here the first Miss Daly City of 1962, Nancy Angelot Padreddii, is congratulated on her marriage to Robert Padreddii shortly after the wedding ceremony. City Councilman Robert St. Clair kisses the bride while fellow councilman Frank Pacelli looks on.
(Post-Times photo)

Two Ruled In '62-'63

Not one but two young ladies ruled as Miss Daly City of 1962-63.

The division in regal authority was occasioned by the marriage of the first Miss Daly City of the year, Nancy Angelot, to Robert Padreddii November 17 of last year.

Because Miss Daly City must be single, Nancy graciously vacated her throne and handed her crown to Susan Thorne, one of the five finalists in last year's judging.

Susan will continue her reign right up until the moment she crowns the new Miss Daly City at a colorful pageant Wednesday, June 5 in the Elks' club in South San Francisco.

Tickets for the pageant are now on sale at the office of the Daly City-Colma Chamber of Commerce at 6454 Mission street and at the office of The Post, 30 Park Plaza drive, Daly City.

REIGNING Miss Daly City is Susan Thorne who assumed the city's regal duties when Nancy Angelot married. Miss Thorne was a finalist in last year's Miss Daly City pageant.
(Post-Times photo)

She Thought She'd Lost

What's the reaction of a beauty pageant contesant when she's told she's the winner?

Here's what last year's Miss Daly City winner, Nancy Angelot. had to say shortly after she was crowned:

"I was flabbergasted. And then, all the excitement. Everyone was taking pictures."

Nancy was called back to the pageant stage after the judges had deliberated. Because she was the first of the five finalists to be summoned, she thought she had won. Then she changed her mind when she saw the other finalists on stage with her.

"I thought they had just called me first because my name begins with 'A'. I decided I hadn't won after all."

Nancy graduated last June from Jefferson High school. She praised the school after she was named Daly City, saying: "It's our original school and it has a lot to be proud of."

SUSAN THORNE
. . . MISS DALY CITY

Susan is the reigning Miss Daly City. She was graduated from Westmoor in 1961. She is 19, the daughter of Mr. and Mrs. Myron Thorne, and lives at 16 Oakmont drive. She attended College of San Mateo for one term, is presently working, and hopes for a career as a dress designer who models her own creations.

"After 5" fashions are a must in Susan's wardrobe. Any girl's evening would be a success in this completely lined rayon chiffon dress. Beautiful back detail is achieved with a simple wrap and a flowing draped panel. It's available in Junior sizes. Colors are pink, turquoise and yellow. It's yours for . . . $20.

Casserole Of Sausage Supper Item

Informal supper dishes should have just as much variety as the food you prepare for important dinners. Suppers needn't fall into a tiresome routine.

A steady file of casseroles and easy skillet entrees is one solution. A recipe you'll want to include is spicy-flavored Sausage Supper Special. Chili sauce, onion, celery and pimiento baked with fresh pork sausage and, for variety's sake, shell macaroni. On top it's crushed cornflakes.

SAUSAGE SUPPER SPECIAL

1½ pounds fresh pork sausage
3 tablespoons water
½ cup chopped onion
⅓ cup finely chopped celery
¼ cup chopped pimiento
1 cup chili sauce
2 cups cooked, seasoned shell macaroni
¾ cup crushed cornflakes
¼ teaspoon thyme

Place sausage, water and onion in cold frying-pan. Cover tightly and cook slowly 5 minutes. Pour off drippings. Combine sausage-onion mixture, celery, pimiento, chili sauce and macaroni. Pour into a 1½-quart casserole. Combine cornflakes and thyme and sprinkle over casserole. Bake in a moderate oven (350 degrees F.) 35 minutes. 6 servings.

Research Is Great, and So's Honey

We are living in an age of research and chemical development. The clothes we wear, the carpets on which we walk, walls in our homes, the materials with which we clean, and a continuing list, are all results of research. Making life more comfortable for us is the aim of laboratories and companies which are engaged in such work.

We in the U.S.A. and Canada and many others have better food, homes and clothes, because of research.

A hundred years ago people knew in a general way that what they ate influenced how they felt, but why, or how much seemed to be an individual consideration. Today, through scientific evidence people may be guided in providing proper foods and balanced diets for every member of the family — young and old.

In recent years, new authentic publications have been made available to all who search for technical facts.

One of nature's good foods has always been and is now as then, the natural purpose food, honey. Honey is the nectar of flowers, modified, and stored by the honeybee in the small waxen cells of the honeycomb. It is marketed as extracted honey, comb honey and finely crystallized or creamed honey.

No chemical additivies have been necessary to enhance this sweet energy producing food. Its characteristic flavor comes from the aromatic substances.

As guardians of the nation's food habits, it is on record that: Honey is an energy food for children as well as adults. Honey helps in the retention of calcium by young infants, and contains minerals which are necessary for the growth and health of the body. Honey has in limited quantities all of the important constituents of the vitamin B complex, vitamin C, some hormones, and amino acid. Recent research shows that honey contains some biotin and folic acid. Honey places no tax on the digestive system. Honey is a safe food since bacteria which cause diseases in human beings cannot grow in it. Honey is an appetizing and economical food for all ages and all income groups.

Use honey the year around:
—as a spread on bread
—on fruits and cereals
—in sweetening beverages
—in cooking
—in cakes and cookies
—in salad dressings
—in glazing meats and vegetables
—in canning and preserving
—in freezing fruits
—in infant feeding if your doctor recommends it

Meal-in-1 Braises Pork, Vegetables

Meal-in-one main entrees revealing the meat, potatoes and vegetables are wonderfully convenient.

Generally, such dishes fall into the stew category and feature boneless beef or lamb cubes. However, here's something slightly different in stew-like dishes. The meat that braises with the vegetables is pork. The flavor . . . delightful.

An authority on meat suggests purchasing economical pork shoulder and cutting it into cubes

Braised Pork and Vegetables

2 pounds pork shoulder, cut in 1-inch cubes
¼ cup flour
2 teaspoons salt
⅛ teaspoon pepper
¼ teaspoon sage
3 tablespoons lard or drippings
1 clove garlic, minced
1 bay leaf
¾ cup water
2 tablespoons French dressing
3 medium potatoes, sliced
3 medium carrots, cut in ½-inch pieces
1 package (10 ounces) frozen lima beans.

Combine flour, salt, pepper and sage. Dredge meat in seasoned flour. Brown in lard or drippings. Pour off drippings. Add garlic, bay leaf, water and French dressing. Cover tightly and cook slowly 20 minutes. Add potatoes and carrots and continue cooking 45 minutes. Add lima beans and continue cooking 25 minutes or until meat is done and vegetables are tender. Discard bay leaf before serving. 6 servings.

Try Cereals and Milk for Different Family Meals

Cereal and milk, a wonderful combination at breakfast, also appeal in more elaborate adaptations at other meals. Crisp cereal, lightly buttered, makes for an appetizing topping over a creamy vegetable or main dish casserole.

At lunch time, serve sprightly Eggs au Gratin. This dish will take care of any hard-cooked eggs you may have left over. The eggs, quartered, are baked in a zippy cheese sauce. The topping is Rice Krispies (oven-toasted rice cereal) slightly crushed.

The distinctive flavor of cabbage blends enticingly with ham in Scalloped Ham 'n Cabbage, a hearty dinner dish. Combine cooked cabbage and ham cubes in a baking dish, then pour a smooth white sauce over and sprinkle on slightly crushed, buttered corn flakes. Serve assorted relishes, buttered asparagus and tiny corn muffins as accompaniments.

Perk up a routine meal with an unusual baked vegetable combination, Celery and Brussels Sprouts Casserole. This delightful spring green medley is topped with high protein cereal.

3 Delicious, New, Easy Casseroles

Hunting for convenience?

Let's go exploring at your grocer's! It's an exciting adventure to hunt new ways to tempt your family at mealtime with unusual dishes that are simple and quick to prepare.

Here are three delicious new casseroles, with very special combinations of ingredients, that can be prepared in minutes. All have gourmet quality sauces, seasoned to perfection.

Noodles Almondine is a delectable combination of tender egg noodles, rich chicken broth seasoned delicately with herbs and topped with crunchy sliced almonds. Serve Noodles Almondine as a side dish or add ground beef, ham, chicken or tuna for the main dish of the meal. This versatile, easy-to-do casserole can be prepared and popped in the oven, in the short time it takes to boil water, or it can be prepared on top of the range.

Your family will think you've been cooking all day when they taste Noodles Italiano. The tender, wide egg noodles are drenched in a spicy Italian style tomato sauce and layered with a zesty Mozzarella and Parmesan cheese filling. The addition of mushrooms, green pepper or cottage cheese makes for tempting variations to what will be a family favorite.

A popular and familiar family dish is glorified now in Macaroni and Cheddar; of cook book excellence it requires mere minutes to make. The elbow macaroni, with a thick sauce of aged, sharp cheddar cheese, will please both men and boys at your house. This succulent dish can be prepared on top of the range or in the oven, while the rest of the dinner is completed.

Timely Beef And Raisins Harmonize

For a timely menu this week, why not combine raisins with another food that deserves important attention right now . . . beef? Well above average supplies of beef are being marketed, so watch for savings.

Harmonizing beef pot-roast and a sweet-sour raisin sauce is the recipe suggested by a meat cookery expert. The sauce is cooked and thickened first. Then it becomes the liquid for braising the beef.

BEEF-RAISIN HARMONY

3 to 4-pound beef arm or blade pot-roast
3 tablespoons lard or drippings
2 teaspoons salt
⅛ teaspoon pepper
1 medium onion, quartered
½ cup brown sugar
1 teaspoon dry mustard
1 tablespoon flour
2 tablespoons vinegar
2 tablespoons lemon juice
¼ teaspoon grated lemon rind
1 bay leaf
1½ cups water
½ cup raisins
Flour for gravy, if desired

Brown pot-roast in lard or drippings. Pour off drippings. Season with salt and pepper. Add onion. Combine in a sauce pan the brown sugar, dry mustard and flour. Mix well, add vinegar, lemon juice, lemon rind, bay leaf, water and raisins. Cook until thickened. Pour over pot-roast. Cover tightly and cook slowly 3 to 3½ hours, or until meat is tender. Discard bay leaf. Thicken cooking liquid with flour for gravy, if desired. 6 to 8 servings.

Canned noodle dry soup mix, laced generously with chopped fresh mushrooms, helps milady keep an eye on her curves. Accompaniments can be a cottage cheese salad for the dieter or a corned beef sandwich for the non-dieter.

Party Sandwich Loaf Treat

Today's young homemaker, unlike "Mother Hubbard," keeps the cupboards and refrigerator well supplied with foods for family meals and those surprise parties and guests. The modern Mother Hubbard doesn't look for a bone for her dog . . . she offers him a tidbit from a piece of imported boneless Polish ham. We advocate the policy of keeping two in the refrigerator . . . one for ready use and one to have on hand so that you're never without this versatile food which can be prepared or served as-is for so many meals and snacks.

This ready cooked, lean, every-bit-edible ham can be sliced, cubed, ground, diced, or served whole, hot or cold for some of the best eating you've every enjoyed.

Using a little ingenuity and with a few sweeps of the hand, this party sandwich loaf recipe can be prepared like magic. Though the picture suggests a child's party theme, the delicacy is equally welcome to teen-agers and older folks. The loaf goes together like long building blocks, the structure held intact with the smooth plastering of cream cheese frosting.

Children, especially, can have great fun by cutting long slivers of cucumber peel to make stems for the canned or cooked apricot flowers decorating the top and (if you wish) around the sides of the loaf. For easier slicing be certain that loaf is made and refrigerated several hours before serving.

PARTY SANDWICH LOAF

1 one-pound loaf unsliced bread, crusts trimmed off. Cut lengthwise in four slices.

To build loaf:

1. Place one slice on cutting board.
2. Butter to edges, cover with 6 slices of imported Polish ham.
3. Cover with second slice of bread. Butter to edges and cover with six slices of American cheese.
4. Cover with third slice of bread. Butter to edges. Spread with chopped hard-cooked eggs moistened with mayonnaise and seasoned to taste.
5. Cover with fourth slice of bread.
6. Frost with: 2-8 oz. packages cream cheese (soften cheese and mix with 1-3 cup cream).

Chill until ready to serve, cut into slices.

Q. What is the name of this cut of meat?

A. Beef Heel of Round.

Q. Where does it come from and how is it identified?

A. It is a boneless, wedge-shaped cut from the lower part of the round. It has very little fat and is the least tender cut of round.

Q. How is it prepared?

A. By braising or cooking in liquid. To braise, first brown the meat in lard or drippings. Pour off drippings. Season. Add a small amount of liquid, cover and cook slowly until tender. Allow about 3 to 4 hours for a 4 to 5 pound cut.

Cereal and Milk Breakfast Key

The heart of an adequate breakfast is in a cereal and milk serving. The Iowa Breakfast Studies are the scientific proof back of this statement. Before the experiments known as the Iowa Breakfast Studies, medical, nutrition, and public health authorities had decided opinions that the neglect of the morning meal was harmful to the health of the nation. But carefully controlled studies reported in scientific journals confirming their opinions did not exist. The preliminary experiment in the Iowa Breakfast Studies indicated that eating breakfast made a definite contribution to efficiency in the late morning hours. During the series of scientific studies that followed, an adequate breakfast, designated as a basic breakfast was established.

The basic breakfast is defined as one which provides one-fourth the total daily caloric requirement and one-fourth the total daily protein allowance. The basic CEREAL AND MILK breakfast pattern consisted of fruit or juice, cereal, milk, enriched toast and butter in sufficient quantities to supply one-fourth of the total daily caloric requirement and one-fourth the total daily protein allowance. The remarkable manner in which breakfast cereal and milk supplement each other makes this serving contribute virtually every important nutrient except vitamin C (contributed in the pattern by citrus fruit or juices).

Here is the meal in the adequate breakfast pictured above: Half grapefruit, strawberry garnish; rolled wheat cereal with milk and brown sugar; raisin bread and butter; milk as a beverage. Flavor and fragrance are part of this breakfast pattern, too!

Citrus Compote Fresh as Spring

This loveliest of seasons is always symbolized in fresh flowers, and an old-fashioned floral bouquet can be simulated with fresh fruit. Florida's juicy orange slices and plump grapefruit sections form the blooms, whole strawberries make a colorful center, while a coconut border simulates a white lace frill.

Florida oranges and grapefruit will help keep you feeling fit and looking as attractive as spring flowers themselves. Citrus fruits are the best natural source of valuable vitamin C, essential to good health which of course contributes to your good looks. For radiant health and vitality—spring, summer, fall and winter—vitamin C is needed every day.

When buying Florida oranges and grapefruit, select with your hands—by feel. The fruit should be firm, well-shaped, heavy with juice, and thin-skinned. Store in a cool place, preferably your refrigerator; chilling brings out the refreshing flavor of the fruit.

Citrus Compote
Florida grapefruit
Florida oranges
Strawberries, sliced
Shredded coconut

Chill fruit before preparing. Cut off grapefruit and orange peel in circular motion, cutting deep enough to remove white membrane. Go over fruit again, removing any remaining white membrane. To section grapefruit, cut along each dividing membrane from outside to middle of core. Cut oranges into slices. Make border of coconut and arrange fruit in groups on plate.

Food Sense ■ Not Nonsense

An Iron-ic Search

Diogenes, the legendary cynic who searched everywhere in Greece for an honest man, has a soul-mate in doctors and nutrition scientists looking for disease they can pinpoint to a shortage of nutrients in the food Americans eat. With one exception, the search is almost vain. The exception: anemia.

Doctors are voicing growing concern about the disturbing number of persons who have anemia caused by a shortage of the nutrient, iron. Recommendations made for iron by America's top nutritionists in the National Research Council carry the smallest margin of safety of any of the nutrients . . . come closest to requirements. This is particularly true for rapidly-growing children and young women.

At a recent conference designed to take a searching look at America's nutrition, Dr. Willard Krehl from the State University of Iowa School of Medicine warned that iron-short anemia is so common many hospitals brand borderline cases as normal. "The iron balance sheet," he said, "while adequate for the adult male, is precarious indeed for females."

In searching for reasons behind the increasing number of persons with iron-short anemia, some nutritionists spot these:

- Grandpa's surrender to modern water supplies. Well water is an excellent source of iron.
- Grandma's trading in her old iron skillet for a gleaming, new model of stainless steel, aluminum, or glass.
- Dependence upon one food as the source of all nutrients.

Eating a variety of foods will help fill the iron breach and make nutritional disease ever harder to find. Among the best sources of iron are: Liver, beef, dry fruits and vegetables, beans, deep greens, potatoes, and enriched and whole grain bread and other cereal foods.

Pizza, Beer, Music, Fun At Big Al's Gashouse

This had to happen sooner or later: Last Friday was the big night in my life (well, one of 'em). Received the full impact of Big Al's Gashouse, the home of Chicago-style pizza, and beer of almost every nation.

To get in the Gashouse, which resembles a Chicago speakeas, I had to show my ID card —which dates back to the Dalton Brothers. After being "cased" by four "henchmen," I was introduced to Geary Leason, San Mateo's Big Al. We elbowed our way to a table (and was it jammed!), where (before you could say "Texas Guinan") two mugs of beer the size of miniature kegs, appeared.

Dottie Sumners

Almost immediately, Don Obertone strummed his banjo into musical action—with the other musicians following suit. This group plays a lot of music—tunes ranging from "Bye Bye Black Bird" to "Wine and Roses."

"You haven't heard anything yet," said my handsome host. "It's now Dottie Sumner's turn to entertain."

He wasn't kidding. A slim lass, garbed in a gorgeous gown and a wig to fit her personality, sang and bounced around in front of the band as if the ringsiders were "hot footing" her every movement. The crowd roared its approval and joined in a community songfest between bites of pizza and sips of brew.

"Well," said Geary Leason, "what do you think of San Mateo Big Al's, where folks come to relax and get away from all the noise (just then a train went by and I lost him for a moment)?"

"Haven't enjoyed an evening so much since I learned the Charleston," was my quick reply.

Highly recommend Big Al's Gashouse for an unforgetable evening of fun. You'll find memories for the over 40 set and plenty to discuss with the 21 years and over group.

JOHNNY KAN, a gent whose name is high in the restaurant "Blue Book" (he's owner of the San Francisco Grand avenue Johnny Kan's restaurant), is now serving the same delicious Cantonese food at his Kan's at the Hyatt House in Burlingame.

John Kan

Hyatt House manager, Ed Sullivan, and Johnny conceived the idea of featuring Kan's popular operation on the second level—and business has been capacity since opening night. The regular Hyatt House menu is served seven nights a week; Kan's serves dinners Tuesday through Sunday. Dinner-dancing, pianobar entertainment are also Hyatt House attractions . . . Doug Hart's Mori's Point Inn is approaching the anniversary of serving food to the public for four generations . . . Brentwood Lodge bill of fare is extensive and emphasizes delicious prime rib. This location is no ingenue in the restaurant field—it's been a name site for particular diners for some years. Plenty of room for banquets and special parties . . . The facade of the Burlingame Denmark House is like visiting your next-door neighbor—and the home cooking is ditto . . . When it comes to steam table foods and sandwiches, I'd drive many an extra mile to enjoy one of Danilo's corn beef on French bread spreads, plus a few Italian trimmings.

CHUCK HERSCHLER, salesman for Rector Motors, and former restaurateur, had quite an April for himself. He sold so many cars he was named "Rookie" of the month. Prize: Package of fig newtons. Chuck celebrated the occasion with a double Bunky-Burger with his friend Mishel . . . Although Keith Williamson's family-style friend chicken Dining Room is not open for service Monday through Thursday, it is available for private parties and banquets. Don't confuse the "not open" dates with Keith's regular dining room which operates on a seven days a week schedule . . . Sil Oliva's Exposition Fish Grotto receives more business from restaurant owners than any place I know. "Even I get tired of the same menu all the time," said Sil the other evening. "It's pizza instead of sea food once in awhile." . . . Pat Yankee and Her Singers Chuck Herschler h.d the Chalet wall to wall Friday and Saturday with her 2 a.m. to 5 a.m. breakfast show. This attraction has brought many new faces to the Peninsula club . . . For a rainbow background, try dining at Frank Torres' Montara Beach Hotel just as the sun goes down behind the ocean. Thirteen picture-windows from which to choose your ringside dining room view.

Tavern Owners Retailers Plan Golf Meet, Thursday

Attention, all golfers: Finally cornered my pal Nick Gust for information on the Pacifica Tavern Owners and Retailers Golf Tournament which is scheduled for it's fifth annual turn-out at Sharp Park Thursday, May 23, 7 a.m. to 1 p.m. It's to be an open affair and post entrees will be taken. There will be prizes (many of them) and a buffet spread. Trophies will be presented at the Linda Mar Lodge the following Sunday, May 26. The expected turn-out should be around 300. You can be sure a "ball" (both high and low) will be had by all.

This yearly event was first organized by Winters Tavern, Linda Mar Lodge, and Nick's five years ago and has proved a fun success. Last year's defending champion is Art Linhares of the Daly City police department, who will be on hand to "patrol" and protect his "beat" again this year.

Besides being a well known restaurateur (Joe's of Westlake), Bruno Scatena is a talent scout. He makes so many trips to Las Vegas and other entertainment centers that his friend Bimbo has him scout 365 Club material.

Phil Rauscher, manager of the International Inn Restaurant, is more than pleased with the public's reception of the noonday fashion shows held Wednesdays from 12 noon to 1 p.m.

Last year, comedian Joe E. Brown hosted a large dinner party for Leah Poston at Phil Lehr's Steakery, in San Francisco. She so thoroughly enjoyed herself she returned to celebrate another birthday — her 79th.

T-Keela Is a Sinaloa Special

Sinaloa is getting so many visiting Japanese exec's that ringside looks like South of the Border—"Ginza-style." Luz Garc just stocked up on a big order of Japanese whisky and even has a Japanese tequilla drink—T-Keela (green tea liquor and tequilla, mixed over the rocks).

"A Japanese Black Russian," quips Armando Du Val, Sinaloa's emcee.

Nick Finocchio's New Tivoli restaurant (one of the first of it's kind in San Francisco North Beach) never lacks for satisfied customers. Through the years, folks have come to know that the New Tivoli stands out in the wide field of Italian restaurants.

The Peninsula's most ultra modern restaurant, the new Lyons Coffee Shop-Restaurant which opened in the Hillsdale Shopping Center last month (April 10), is proving an outstanding success with the public, it was announced today.

Gary Nachmann, vice president of the restaurant division of the 111-year-old San Francisco firm of Lyons-Magnus, Inc., announced today that the new Lyons is serving over 2000 customers a day since its opening.

Pancho's, the Mexican restaurant in Redwood City which won a national award for it's colorful design, was the subject of noted color photographer Tal Rice's lens, this week. Copies of the picture will be available, as free souvenirs, later this summer.

Famed fencing master Hans Halberstadt and his champion fencers celebrated their winning of four out of five first-places with a steak dinner at Lew Lehr's, in the Marina, San Francisco.

Chief Tom Delano of the Benjamin Franklin Hotel reported that last weekend was a record breaker for the restaurant division. Two cases of eggs were used for the preparation of Ramos Fizzes.

SO LONG TO JOE "MUFFINS" VEGA

I'm indeed sad to report the passing this week of my good friend Joe Vega, executive chef of Bodee Cominoli's Pioneer hotel, in Woodside.

Joe, whom I first met some time ago at the Kings Bowl, was the kind of person who made life worth while for those he knew. During our many discussions on menu changes and recipes he never failed to serve me two blueberry muffins — hence his nickname Joe "Muffins" Vega.

Joe recently took over the executive chef job at the Pioneer hotel and was performing his usual excellent job when stricken. My sincere sympathy to his wife, Alvera, and the Vega family. Knowing Joe as a man of few words, added adjectives are not needed. So long, Joe "Muffins" Vega, you were a credit to your field of endeavor and a man I'm proud to have known.

The Pancake House parade on the Peninsula is a huge one, but for my dollar size cakes I'll take Uncle John's — of which there are four locations. You'll agree, I'm sure.

Keno Games Come Fast At Barney's

For a mid-week or weekend funfest, get a group together and charter a bus to Barney's Casino, Lake Tahoe (South Shore), Nevada. Or if you'd rather go by air, the Paradise Airline at the Oakland Airport has flights twice daily. Service right to the Casino front door. Special note to Keno players: Barney's Casino has upstairs and downstairs set ups — with plenty of chairs available.

There's no show anything like Finocchio's on New York's Broadway, recently commented Ted Lewis. And, according to others in the best positions to know, San Francisco's Broadway now rivals Gotham's Great White Way as a center of American night life. Finocchio's is, of course, the most unique of them all, being truly world-famous as the spot where the art of female impersonation reaches its most glamorous and amusing zenith.

Betty Sedam Caravan Inn

New personality in the manager's office of the Mountain View Caravan Inn is that of attractive Betty Sedam, whose experience in this field is extensive. Betty, who has been in charge of many hotels on the East coast as well as the West, is putting her ideas of operation into effect as of right now. A new menu will make a dining room appearance in the immediate future. Pianobar entertainment has replaced the former entertainment program. Will keep you posted on other activities at this pop Peninsula spot.

Enrico Romano, the Pacifica pizza "baron," complained on his last trip to San Francisco that nothing works out right.

"In the sections of the city where you can park as long as you want to, you don't want to."

Reno-Lake Tahoe-Las Vegas

PETITE GOGI GRANT, one of the most dynamic vocalists in show business, is currently proving a smash hit as the star of the International Follies show on stage in the Circus Room theater-restaurant at the Nugget Casino in Sparks (East Reno), Nev. Appearing on the same show bill is comedian Jerry Van Dyke, who is best remembered for the riotous performance he turned in on his brother's television series, The Dick Van Dyke Show. Rounding out the lavish International Follies show are George Arnold singers and dancers in two breath-taking production numbers and the Nugget's talented performing elephant, Little Bertha . . . Mokihana, who plays the role of Bloody Mary in the Las Vegas Thunderbird's "South Pacific," is considering going to Germany later this year to resume a role she did in Honolulu, where she was first discovered by Producer Mervin LeRoy. In Honolulu she was star of the musical "Aloha Hawaii." Tycoons have been trying to talk the Hawaiian-born singer-actress to do the same part when the musical moves on to Germany late this year. There's only one catch: The entire show will be done in the German language and Moki's not certain if she cares to learn another lingo.

Gogi Grant

"THE MAN WHO KNOWS WHAT HE LIKES ABOUT THE SOUTH" came to South Tahoe, Thursday, and made an immediate hit — that would be Phil Harris making his first appearance in the beautiful South Shore room at Harrah's Tahoe. "The Phil Harris Show" will hold the spotlight at Harrah's through June 2. Judging from the opening night reception, the program will be well received. The show also includes the Jubilee Four, a vocal group; songstress Mary Miller; Kurt Anden and Friends (his educated poodles); the Moro-Landis Dancers, and Leighton Noble and his orchestra. Shows are set for 8:15 p.m. and midnight every night, with a third show added on Saturdays at 2 a.m.

Broadmoor To Provide Tahoe Staff

For the second consecutive year the entire teaching and recreation staff of the Presbyterian Family conference at Lake Tahoe will be drawn from a local congregation, Broadmoor Presbyterian church.

Tom House, in charge of staff arrangements for the conference, has completed his roster of teachers for the week-long gathering at the Zephyr Point grounds on the east shore of Lake Tahoe, four miles north of Stateline, Nev.

Returning for their third year at Tahoe will be Shirley Pappas, Bunny Gillespie and Ken Gillespie. Leah and Tom House will be at the conference for their second year, while Bernice Hamilton, Linda Lee Bolen, and Elizabeth Hopkins will be making their initial visit as teaching staff members.

The conference runs from Sunday, June 30, through Saturday, July 6.

Presbyterian Family conferences are held twice yearly at Lake Tahoe to afford a week's experience in camp life for families from the West Coast.

Zephyr Point is a 200 acre site, clinging to the hillside above Lake Tahoe, with conference accommodation for about 200 people and 85 cabins that are privately owned but maintained by the conference grounds management.

This year's first family conference (the second is held at the end of August) is the eighteenth annual gathering. Three faculty members will hold informal morning discussion sessions on theological and social issues for adults and senior high school students while the younger conferees are in classes according to age. Afternoons are free and evenings are for fun and recreation.

Faculty members this year are the Rev. Harry Monroe, of Aberdeen, Md., the Rev. William Carl Thomas, of Orinda-Lafayette, and the Rev. Dr. James Glasse, currently teaching at the S. F. Theological seminary at San Anselmo.

Westmoor Whirl

By SHERRY ROSEN

UP IN THE CLOUDS with Astronaut Gordon Cooper last week were some 1800 Rams suffering from severe cases of spring fever. Balmy days and over-zealous heaters contribute to the restlessness, while making summer plans seems to be taking preference over making homework plans. Teacher Ana Marie Davies shares her French students' anticipation by keeping count on the blackboard of the remaining school days—in French, of course. And a notice on the board in Teacher Alvin Wolfe's room is almost too tempting for fidgety wanderers to resist: "Please feel free to leave this class whenever there is no teaching being done!"

MIGHTY, MIGHTY SENIORS are currently purchasing tickets for the long-awaited senior picnic at Turtle Rock Ranch and the senior ball at St. Francis hotel . . . German club and CSF both had their final meetings of the year . . . Teachers and seniors are nominating candidates for the honor of Outstanding Senior from the Class of '63 . . . Tonight is the annual Spanish club final banquet . . . Term projects for drama students include making theatrical comedy and tragedy masks, designing costumes, writing short plays, and building miniature Globe theaters.

NEW FRONTIERS: Campaign signs are up once more for the elections being held this week. Twenty-one aspiring politicians are competing for nine student body offices, and 28 hilltoppers are hoping to be selected as next year's cheerleaders and pom-pon girls. Non-partisan observations include such clever campaign gimmicks as myriads of buttons and a bold sign that can be read from houses on Westmoor avenue. Candidates had a training session one afternoon last week in which they learned about their duties and about the Westmoor High Constitution. Junior Statesmen will once again manage the polls.

SNIPS 'N SNAILS: Future Teachers visited M. Pauline Brown Elementary school on Monday for an afternoon of practice teaching . . . There's a possibility of an Electronics club being formed at WHS in the not-too-distant future . . . Also being spread via the grapevine is news that the Block "W" men will assume all sergeants-at-arms duties next year . . . Courtyard was unusually well-populated at noon last Thursday as an overabundance of Rams evicted from the cafeteria ate their lunches outdoors. Reason for the mass evacuation was the P-TA fashion show held that afternoon at three o'clock.

Four WHS students from Timothy Yang's Chinese class are competing in a Chinese speech contest Saturday morning at San Francisco State . . . Amateur chemists have been rolling brightly-colored borax beads this week, unassisted by a 20-mule team . . . Blue Ribbon for originality and creativity goes to the WHS cafeteria staff for their most unusual dish with a most unusual name—"fluffy puppies" . . . They're playing games in the English department these days. Dignified juniors and seniors have temporarily shed the dignity of enriched English classes to charge up the aisles with correctly-punctuated or correctly-revised sentences. First one there gets a point for his row, and players in the winning row receive a dignified candy bar.

2 Seized for Coast Theft

Mr. and Mrs. Manuel Gomez of 275 Alexander street, Daly City, were taken into custody on charges of grand theft yesterday by the Half Moon Bay Police department. A third suspect also was seized.

The Gomezes gained considerable publicity last year when their neighbors complained about the couple's 19 dogs.

The Daly City council subsequently passed an ordinance limiting the number of dogs to two per home.

After failing to comply with the ordinance, several warrants were sworn out for their arrest and the couple left the area.

The grand theft charges stem from a burglary in the Half Moon Bay area of furniture from a model home, police said.

Firefighters Honored by City Officials

Four Daly City volunteer firefighters whose service to the city totals 99 years have been honored at a testimonial dinner attended by Mayor Joseph Verducci, City Manager Ed Frank and members of the city council.

Verducci presented a certificate of appreciation from the city to these men:

Fred Mather, 29 years service; **Les Volkmann**, 27 years service; **Joe Kusbet**, 27 years service and **Eghio Misini**, 16 years service.

Fire Chief J E. Kennedy presented each of the firefighters with their badges, which had been made into belt buckles.

The dinner was sponsored by the Daly City Veteran Firemen's association.

By GENE SIMMONS

"Till Debt Do Us Part" . . .

With your love, you can also give your husband the home he will want. Besides furniture selections, clothing needs, meal planning, insurance and savings planning, there are other needs to be considered in family life. Balancing the budget may become foremost.

The realization that all your material needs must fit into the scope of your family earning power is important. The worst way to set sail on the "sea of matrimony" is in a ship laden with debt.

The Most Sensible Solution Is . . .

a frank look at your joint ability to earn an income, as well as what would happen if either of you became ill or unable to work. You can prepare yourself to earn $300.00 per mo. or more in just 4-6 weeks of specialized training to be an IBM Operator in the career field with a future as sound and secure as you will want yours to be. For an informative Booklet outlining proven training programs that will help you increase your family income send a card or letter to Gene Simmons, 41 E. 3rd Ave., San Mateo, or Phone DI 2-3249. No obligation, of course.

Plan Ahead . . . For Hubby Too!
